By GEORGE E. DURNO
International News Service Staff Correspondent

PALO ALTO, Cal., Nov. 9.—"I congratulate you on the opportunity that has come to you to be of service to the country and I wish for you the most successful administration."

President Hoover in a telegram to Governor Roosevelt last night thus conceded the Democratic candidate's election.

"In the common purpose of us all," the President continued, "I shall dedicate myself to every possible service."

The announcement was made at 9:40 p. m., Pacific coast time, from the Washington office of the Republican national committee.

As West read the telegram to the waiting newspapermen, students of Stanford University were gathering to serenade Mr. Hoover.

Roosevelt Leads Hoover In Partial Returns In Allegheny County

(International News Service)

PHILADELPHIA, Nov. 9.—President Hoover's lead in the presidential fight in Pennsylvania gradually increased this morning as 5,089 out of the state's 8,189 precincts gave him a plurality of 165,883 votes over Governor Franklin D. Roosevelt at three a. m.

Hoover polled 969,420 votes to 803,537 for his Democratic opponent.

PHILADELPHIA, Nov. 9.—Practically 4,000 precincts out of Pennsylvania's 8,198 this morning extended President Hoover's lead over Governor Franklin D. Roosevelt to 158,998 votes in the presidential contest.

Hoover received 754,600 votes in 3,979 precincts, while the Democratic standard bearer recorded 595,602.

United States Senator James J. Davis gained steadily on Lawrence Rupp (D), polling 636,822 votes in 3,593 precincts against 483,900 for Rupp.

Late returns gave Hoover a lead of 66,000 in Philadelphia county. Roosevelt, however, was 12,000 ahead in Allegheny county, 7,000 in Lackawanna county and 2,000 in Rie county.

Philadelphia, Nov. 9.—Shaken to its foundations by the Democratic assault, Pennsylvania's Republican Gibraltar nevertheless held firm to the candidacy of President Herbert Hoover tonight as his plurality over Governor Franklin D. Roosevelt neared the 100,000 mark.

At 11:30 o'clock President Hoover was leading Roosevelt by more than 90,000 votes, with nearly one-fourth of the state's precincts reported. U. S. Senator James J. Davis jumped well into the van in his race with Lawrence H. Rupp of Allentown shortly before midnight and began to pull steadily ahead.

The vote:

Hoover	306,085
Roosevelt	225,728
Davis	216,099
Rupp	182,006

With all voting machine wards in Philadelphia reporting complete returns, Roosevelt was being slowly

Close Race For Congress Seat

Dr. Swick Has Only Slight Lead Over Democratic Opponent

BACHELOR LEADS FOR STATE SENATE

At five o'clock this morning Congressman J. Howard Swick of Beaver Falls, the present incumbent and Republican candidate, and Sam B. Wilson, Democratic candidate, were running neck-and-neck for the seat from the 26th district. With 140 precincts heard from out of 278 in the 26th district, Dr. Swick had 20,344 votes and Mr. Wilson 19,786.

In Lawrence county in 56 precincts out of 91, Dr. Swick had 9,052 votes and Wilson had 7,524. Dr. Swick was expected to increase this lead in the rural districts and should have approximately 2,500 votes majority when all the precincts are in.

In Beaver county, with 57 precincts out of 100 reported, Wilson was leading, having 10,047 votes to 7,989 for Dr. Swick. The outcome of the race probably depends upon Beaver county, for on the face of these returns Wilson would carry Beaver county by some 4,000 votes.

Butler county reports 27 precincts out of 87, giving Dr. Swick 3,303 votes and Wilson 2,215. If this proportion carries, Swick will carry Butler county by approximately 3,000 votes. The outcome is certain to be close and no accurate forecast of the winner can be made until more precincts are heard from in the three counties.

No returns for the state Senate were available from Beaver county at five o'clock, but Lawrence county was giving Alonzo S. Batchelor a lead. Out of 54 precincts in 91 in the county Mr. Batchelor had 7,814 votes and Dr. John A. Meehan of New Castle 7,290.

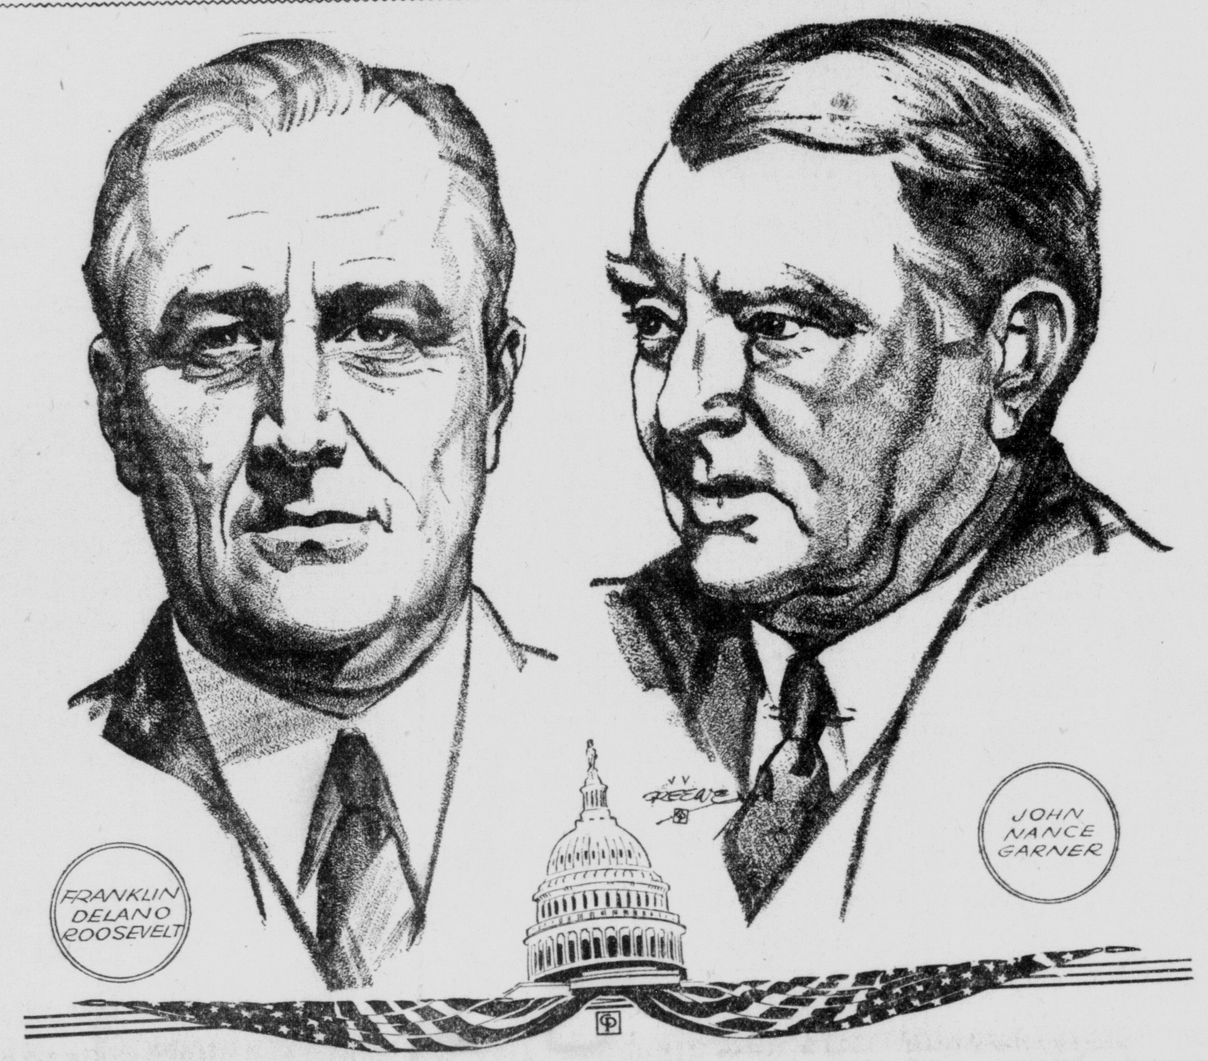
CHOICE OF NATION'S VOTERS



Lawrence County Goes For Hoover

President Will Have 3500 To 4000 Majority In County Is Estimate

RUPP LEADING DAVIS IN COUNTY

Herbert Hoover will carry Lawrence county by approximately 3500 to 4000 votes it is estimated upon the partial returns at five o'clock this morning.

In 62 precincts out of 91 in the entire county, Hoover polled 10,340 votes and Franklin D. Roosevelt 7918. Norman Thomas, the Socialist candidate, polled 844 votes and William Upshaw, the Prohibition candidate, polled 155 votes.

The heavy vote for Roosevelt came in the fifth, sixth, seventh and eighth wards, although the normal Republican majority was badly cut in the second, third and fourth wards. The Democratic landslide which swept Roosevelt into office and many Republicans out of office had its effect here.

Rupp Ahead

In the race for the United States senate the Democratic candidate, Lawrence H. Rupp was leading in 55 precincts out of the 91, and with the city of New Castle and Ellwood City included in the returns, it is thought that Rupp may carry the county.

Senator James J. Davis had 6265 votes in the 55 precincts, Lawrence H. Rupp 6833, Edwin D. Fithian, the Prohibition candidate 3532, and William J. Van Essen, the Socialist candidate 826.

In the Second district, which comprises all of Lawrence county outside of the City of New Castle, William McElwee, Jr., the present incumbent was having no difficulty with his Democratic opponent, James W. Kelso. In 23 precincts of 77 in the rural district, Mr. McElwee had 4133 votes, as compared to 2420 for his opponent. It is thought that the missing precincts will increase Mr. McElwee's lead to about a two to one majority.

Senate May Also Go Democratic

Indications Point To Complete Democratic Landslide

House Expected To Be Liberal On Prohibition Question

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

NEW YORK, Nov. 9.—A Democratic congress undoubtedly has been elected on top of the Roosevelt landslide.

Early returns indicated the Democrats will have a working majority in the new house of the 73rd congress. There were indications at 10:45 p. m. that the senate would go Democratic by a small margin although reports were missing from some western states.

The house will be liberal on the prohibition question. The extent of Roosevelt's victory also indicated the senate would have moist views, because of the Democratic nominee's forceful declarations for legalization of beer and repeal of the Eighteenth Amendment.

The present slender lead of eight held in the house by the Democrats, with five vacancies involved in today's voting, had been increased by 15 on the basis of early returns from eastern states and Missouri alone. Democratic chieftains predicted that the house majority would reach 75 to 100.

COLUMBUS, O., Nov. 9.—A complete Democratic victory in Ohio's record-breaking election was foreseen by political experts late tonight on a basis of returns received from 363 of the state's 8,678 precincts.

Rolling up a vote of two-to-one in some counties, Governor Franklin D. Roosevelt, the Democratic nominee, established a lead of 45,456 to 39,061 over President Hoover.

Governor George White, running even ahead of the national ticket, bested David S. Ingalls, his young Republican opponent, by a vote of 46,873 to 36,647 in the 363 precincts.

DEMOCRATS WIN PRESIDENCY BY HUGE MAJORITY

Political Upheaval In Nation Defeats Many Of Leading Congressmen And Senators——Roosevelt's Electoral Vote May Reach Proportions Of Hoover's Total Of 4 Years Ago.

By GEORGE R. HOLMES
International News Service Staff Correspondent

NEW YORK, Nov. 9.—Gov. Franklin D. Roosevelt has ridden into the presidency upon the greatest political landslide in the history of the country.

Early this morning, with returns still coming in from the middle west and far west, it appeared that President Hoover has only carried with certainty only Maine, New Hampshire, Connecticut and Vermont——with Pennsylvania probably falling into his column when the returns are completed.

On this basis, Gov. Roosevelt seems reasonably assured of some 479 electoral votes, eclipsing anything in history. Four years ago, in the Republican sweep of that year President Hoover set up a new all-time mark of 444.

With his own victory, Gov. Roosevelt has carried into power with him a new congress Democratic-controlled in both branches. This forecasts speedy action for a change in the prohibition laws once the new congress is in session—if the "lame-duck" session meeting next month does not itself take remedial action.

NEW YORK, Nov. 9.—Riding the crest of a Democratic landslide, Gov. Franklin D. Roosevelt has been elected to the presidency by what may prove record-breaking figures in American elections.

On the basis of returns tabulated early today it seemed certain that Roosevelt has carried or will carry upward of forty states, and have an electoral vote that will closely approximate the record-breaking Hoover total of 444 four years ago.

Roosevelt's popular plurality was variously estimated early today at from 7,000,000 to 9,000,000, in a total vote of some 40,000,000.

As indicated by the returns and concessions, the following states appear in the Roosevelt column: Alabama, 11; Arkansas, 9; Florida, 7; Georgia, 12; Louisiana, 10; Mississippi, 9; North Carolina, 13; South Carolina, 8; Texas, 23; Virginia, 11; Oklahoma, 11; Missouri, 15; Kentucky, 11; Tennessee, 11; West Virginia, 8; Maryland, 8; New York, 47; Massachusetts, 17; Illinois, 29; Indiana, 14; Ohio, 26; Minnesota, 11; New Mexico, 3; South Dakota, 4; Wisconsin, 12; Arizona, 3; Nebraska, 8; Connecticut, 8; New Jersey, 16.

These states account for a total electoral vote of 374, as against the 266 required.

May Get Additional States

In addition Governor Roosevelt was running strongly in Rhode Island, New Hampshire, California, North Dakota, Colorado, Utah, Michigan, Kansas, Iowa, Delaware, Rhode Island and the states of the far Northwest.

Even rock-ribbed Pennsylvania was proving no set-up for Hoover. Although the early returns from the Keystone State showed President Hoover building up a substantial lead.

Republican campaign leaders in the East early conceded the Roosevelt election. They had been, in fact, resigned to it for days. While maintaining a front of confidence, their private opinion has been for weeks that defeat was confronting them.

Magnitude of Sweep Surprises

The magnitude of the Democratic sweep, however, surprised them.

They ascribed it, with shrugged shoulders, to the economic times and to some extent to the prohibition issue, on which the Democrats took a positive stand for repeal and midification, while the Republicans merely promised resubmission.

Two of New York's leading newspapers, the Times (Ind.-Dem.) and the Herald Tribune (Rep.) conceded Governor Roosevelt's election shortly after nine o'clock last night.

At that hour, it appeared Governor Roosevelt's plurality in New York would run considerably in excess of 500,000.

A short time before one of President Hoovers' strongest journalistic supporters in the Mid-West, the Chicago Daily News, conceded Mr. Hoover's defeat.

This concession came soon after it became apparent that Roosevelt had carried Cook county (Chicago) by some 350,000, while at the same time running strongly in the normally Republican districts in downstate Illinois.

Shortly before 9:30 o'clock the New York Sun conceded Governor Roosevelt's election and approximated his electoral vote at 400.

President-Elect Hopes For Better Days Ahead

(BULLETIN)
(International News Service)

NEW YORK, Nov. 9.—In his first public statement, delivered to 2,000 wildly cheering men and women in a ballroom of the Biltmore Hotel early today, President-elect Roosevelt expressed the hope that the next four years will find the country lifted from the slough of depression.

"My friends," he said, "I have come here to bid you God speed and to thank you each and everyone for all you have done in this campaign and especially all the men and women who have worked so faithfully at headquarters.

"It is because of their work that the great majority we have had throughout the country has been made possible.

"I want to say just one word—that there are two people in the United States, more than anybody else, who are responsible for the great victory. One is my old friend and associate, Col. Louis McHenry Howe (Roosevelt's secretary for twenty years), and the other one is that splendid American, James A. Farley.

"As you know, the returns have not yet come from a number of western states, so I am making no formal statement. All I can tell you is that the returns seem to indicate a great victory, and it is my hope that during the next four years we, all of us, will do what we possibly can to restore this country to prosperity.

The president-elect was accorded a tremendous reception on his journey from a private room at the Biltmore, where he received the returns, to the ballroom adjacent to national headquarters.

Despite the fact that twenty-five policemen sought to open a path for him, so great was the crowd that he was twenty minutes negotiating the comparatively short distance.

Blames Depression For Hoover's Defeat

(BULLETIN)
(International News Service)

CHICAGO, Nov. 9.—Just after midnight this morning Chairman Everett Sanders of the Republican national committee issued a statement blaming the depression for the defeat of President Hoover. He said:

"A very great man has been defeated. The millions of votes that have been cast for him constitute not only a marvelous tribute to him, but approval of his policies.

"America has never returned to power any administration in a period when we had 'hard times'. That this was not just 'hard times', but a world depression, for which the administration was not responsible, has been brought home to those who have thoroughly understood conditions.

"Millions have hoped that a political change would better their economic condition. This vote has outnumbered the votes of those who did understand. The millions of votes that have approved Herbert Hoover are a great indication of a great President.

"So far as I have the power to do so, I shall give every support to the incoming President in all of his policies that are for the best interests of our country."

Democrats Win Congress Also

Will Have Working Majority In House Of 75 To 100 Votes

SENATE MARGIN WILL BE SMALL

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

NEW YORK, Nov. 9.—Franklin D. Roosevelt swept a Democratic House and a Democratic Senate into the 73rd Congress on the crest of his landslide victory.

In the House the Democrats will have a working majority of from 75 to 100 votes, while in the Senate their margin should be from eight to 14 votes.

Both House and Senate will be liberal on the prohibition issue. Prompt legalization of beer can be expected from both branches as well as the submission of some new constitutional amendment on the prohibition issue.

One amazing result of the Roosevelt landslide may be to turn the Senate Democratic for the short session beginning in December. Whether President Hoover will wind up his day in the White House with a Democratic Senate on his hands—as well as the Democratic House—depends on the outcome of the senatorial races in Colorado and New Jersey. In both states the Democratic nominees were leading.

By electing Democrats in these two states the Senate would go Democratic next month by a margin of two votes.

Repeal Issue Doubtful

On the repeal issue the outcome was somewhat doubtful. While a great number of Democrats embraced the Democratic repeal plank, others did not. Again, in the Senate the 62 holdover senators were overwhelmingly committed against outright repeal on a test vote last summer.

There were indications though that the new Congress will resubmit the 18th amendment, somewhat along the lines of the plan proposed by Senator Carter Glass (D) of Virginia. The election results indicated this proposal would obtain the necessary two-thirds majority in the Senate—even though the House might propose outright repeal.

The tremendous victory of Roosevelt over Hoover swept many prominent Republican leaders to defeat in the House and Senate elections.

Leaders Lose Out

Senator James E. Watson, Republican leader of the Senate, was beaten in Indiana. Senator Reed Smoot, veteran chairman of the great Senate finance committee, appeared defeated in Utah.

From Ohio to the Pacific ocean regular Republicans fell by the wayside in the senatorial elections. Only the insurgents appeared able to weather the storm.

In Illinois Glenn was losing; in Iowa the Democrat, Murphy, was winning; in Washington Jones was on the short end; in Nevada Oddie was losing; in California William Gibbs McAdoo (D) ran ahead.

In the East the Republican senators had some success. Senator George H. Moses won in New Hampshire, as did Senator Porter H. Dale in Vermont. Senator Hiram Bingham, Republican wet leader, was ahead in Connecticut, and Senator James J. Davis was re-elected in Pennsylvania. But in New Jersey it seemed Senator Warren W. Barbour would go down to defeat.

On the other side of the fence, Democratic senators were winning handily. Senator Wagner won in New York, Senator Bulkley in Ohio, Tydings in Maryland, Thomas in Oklahoma, Hayden in Arizona and Bulkley ran ahead in Ohio. Only Senator McGil in Kansas and former Senator Adams in Colorado appeared to be having trouble.

Illinois Strong For Roosevelt

Democratic Candidate Piling Up Tremendous Majority

Expect Roosevelt Will Have Plurality Of Half Million

(International News Service)

CHICAGO, Nov. 9.—Gov. Franklin D. Roosevelt may carry Illinois by a plurality of moret han 500,000 over President Hoover.

On the basis of returns received up to 9:30 p. m. tonight the Democratic candidate appeared to be piling up a majority greater than that of President Hoover's in the Republican landslide of 1928. In that year Hoover carried Illinois by 454,324.

Returns from one-third of the state's 7,211 precincts indicated the Democratic candidate, for governor, Judge Henry Horner, also will carry the state over former Gov. Len Small.

The race for U. S. senator was closer with Senator Otis F. Glenn probably piling up more votes than any other candidate on the Republican ticket. William H. Dieterich was leading Senator Glenn 263,617 to 193,853 in returns from 1,843 precincts.

The same number of precincts gave Gov. Roosevelt a lead of 169,135 and Judge Horner a plurality of 153,941. The vote was the president: Roosevelt 455,665; Hoover 286,530. For governor: Horner 336,156; Small 182,215.

Democratic Sweep In Illinois Is Indicated Early

Governor Roosevelt Carries Entire Democratic Ticket Into Office

(International News Service)

CHICAGO, Nov. 9.—The Democratic party was sweeping to victory in Illinois, returns shortly after 8 p. m. indicated.

Gov. Franklin D. Roosevelt, the Democratic candidate for president, has carried the state and with him the entire party ticket was swept into office. Judge Henry Horner will probable be elected Democratic governor over Len Small by a greater plurality than Gov. Roosevelt.

Downstate returns showed a neck and neck race between Horner and Small, but even from these sections reports showed that Horner had the lead and would hold it, as the counting of ballots continued, the Democratic landslide in the state increased.

Congressman-at-large William Dieterich has an indicated plurality over U. S. Senator Otis F. Glenn of 200,000. Downstate Dieterich, the Democratic candidate for the senatorial seat, was maintaining a slight lead over Glenn.

State Candidates Ahead In County

In addition, more meager returns indicated the possible election of eight Democratic congressmen from the state's nine districts. Among incumbent Republican congressmen apparently unseated was Gilbert N. Haugen, oldest member of the national House of Representatives from the standpoint of service. He was opposed by Fred Biermann, a wet Democrat. Biermann, with 58 of the district's 256 precincts counted, had at total vote of 15,410 as against a vote of 6,521 for Haugen.

DOLLARS! DOLLARS! DOLLARS! FOR WRIGLEY USERS

Fresh Crisp, New Bills Thrill Young And Old In New Castle And Vicinity

By MISS MINT

I certainly had a wonderful time yesterday visiting the towns in the vicinity of New Castle. Many of the people I approached were prepared to give me their opinion of Wrigley's gum in the new cellophane wrapper. Here are a few of the names of Mercer people that received a brand new dollar bill: MR. J. L. VATH, JR., 227 W. Venango St., HARRY MILLER, 138 E. Market St.

Here are some I met in Grove City: ELIZABETH MORGAN, Main St., Wheatland, Pa., HAROLD PHILLIPS, 1941 Glenwood Ave., Youngstown, Ohio, CARSON W. MARSH, Box 344, Grove City, Pa., KATHERINE DICKEY, 406 Rainey Ave., Grove City, Pa., DEAN K. CROWTHER, 307 W. Main St., Grove City, Pa. and EMILY C. WEBER, Route 4, Grove City, Pa.

MISS DOT HEASLEY, Slippery Rock, Pa., and MR. DAVID ALPER, 308 Normal Ave., Slippery Rock, each received a new dollar too; and let me say that a lot more of you would be a dollar richer had you been prepared to voice your opinion. Here's hoping you will be the next time I visit your town.

Mr. Spear visited the Rose Ave. school in New Castle yesterday, and he tells me he had a lot of fun. Here are some of the children he handed dollar bills too; KENNETH WISE, 1220 Huron Ave., who said he liked Spearmint best because it sweetened his breath. GILBERT COLNOT, 910 Rose Ave., ROBERT MYERS, 1302 Randolph St., CHARLES FAZZONE, 1419 Jackson Ave., ROSY KOCH, 1506 Wilson Ave., GRACE IRWIN, 822 Bonzo St., JOE CRISWELL, 1219 Randolph St., MAE FREW, 1619 Huron Ave., HELEN HENDERSON, 1310 Huron Ave., BETTY COLBERT, 840 Vogan Ave., EDICE JEAN CAMERON, 1733 E. Washington St. Officer J. Greer, 914 Adams St., certainly earned his dollar. The Officer, seeing the school kiddies collected in such a large group, happened in on the scene, but I suppose he feels like the quarterback on a badly beaten football team the way he was knocked down and walked on.

The names of some more Wrigley gum users that were paid new dollare are: MISS LUCILLE LUTTON, 124 Richelieu Ave., KATHRYN BOSTON, 414 Park Ave., MILDRED SMITH, 108 N. Ray St., EVELYN ZIMMERLY, 130 Park Ave., and JOSEPHINE BIEDKA, 502 Electric St., who said she preferred Doublemint because of it's lasting flavor.

Well, folks, today is Election Day, and Mr. Spear and I and our assistants are combing the city for more Wrigley gum users. Watch for tomorrow's paper and see the names of some of the people that were ready to give us an opinion. Be sure that you have one of the Wrigley flavors in your pocket—Spearmint, Doublemint, Juicy Fruit, PK's. Remember Mr. Spear and myself are very much interested in the outcome of this election.—Adv.

STILL TIME TO VOTE!

THE campaign is over!

The day of decision is here!

Millions of voters in the United States are going to the polls today to share in the most important presidential election in the recent history of our nation.

President Herbert Hoover has waged a notable campaign to present to the voters of the nation the program of the administration, while Governor Roosevelt, his Democratic opponent, has waged an energetic campaign.

Both are hopeful of victory.

There are still many in this city and county who have not as yet cast their ballot.

There is still time to exercise that duty.

We urge that no one who is qualified will fail to vote today.

It's the paramount duty of the day.

THE FARMWARD TREND

America is going back to the farm. High factory wages and larger opportunities lured it away from the acres and old homestead during the prosperity era, and low wages, or no wages at all, are sending the farm boys, both young and old, back to the corn rows, wheat fields and cotton patches.

The federal department of agricultural estimates that the end of 1932 will find 32,000,000 people, or about one-fourth of the country's entire population back on the farm. That figures takes on new significance when it is realized that it is only 77,000 below the peak year of 1910.

Back to the soil for many of them means the difference between privation and three square meals a day.

Industrial recovery will again reverse the direction of the migration between city and farm, luring farm boys and girls to the city, converting tenant farmers into city workers, and again evacuating the least fertile acres. Which is well, for the country has too many food producers and not enough food consumers.

CONFIDENCE

Many big and small investors who lost money in the market crash or have seen their dividend collections diminish to the vanishing point must have asked themselves many times during the last three years how institutions like the Rockefeller Foundation are weathering the storm and what sort of oil they spread upon the troubled waters.

The finance committee responsible for the investment policies of the fund is composed of John D. Rockefeller, Jr., Raymond Fosdick and W. W. Stewart, the latter of whom once served as research expert for the federal reserve board and as economic advistor to the Bank of England.

This committee has held fast to two main policies: to hold on to every security held at the end of 1930, and to invest funds made available during 1931 entirely in bonds selling close to par and moving upward. Under the latter policy the committee gave preference to railroads, industrials and utilities in the order named.

Only one deduction is tenable, and that is that the committee has complete confidence in the future of the railroads, American industry and the public utilities. Certainly its policy does not reflect the pessimistic outlook of many.

Administering the $191,000,000 principal of the Rockefeller Fund is a grave responsibility under present conditions and it is nothing short of remarkable that the foundation has been able to continue its great humanitarian labors throughout the depression. Had its administrators proved less prudent investors the world would have suffered irreparable loss.

THE STANDARD CHILD

Questions of education are usually controversial, and each new method has its assailants. But many will agree with the conclusion of the Child Study Association, at a session in New York last week, that the standardizing of the child by uniform training is a fallacy. There is nothing modern in this; Mr. Gradgrind, it will be recalled, looked upon children as "so many little pitchers waiting to be filled to the brim." What teachers and parents are alike inclined to forget is that the child is an individual, to be respected as such. Mere mass instruction ignores this fact.

One speaker said that it was detrimental physically; another that, loving freedom of action, children are made to sit over books, isolated from their comrades and unable to grasp "the subtle interplay of human lives." An unusually sympathetic instructor may be able to overcome in part this evil; but the system is none the less bad for that. It destroys initiative, it cramps the intellect, and it turns out a finished product devoid of imagination. And when parents as well are inoculated with the virus of standardization the poor youngster is in a parlous case.

Probably this attempt at education by mass production is in large part responsible for the excess of home work which unduly fatigues the child and reduces the time which ought to be devoted to healthful recreation.

The sins of the fathers are also visited on the children in the form of taxes.

Civilized nations are the ones that jail individuals for doing things the nations do.

Some coaches picked teams they could lick and others are looking for new jobs.

Perhaps America should save the world, but can't she do it just as well after curing herself?

Preparedness, yes. But a club is as good as a gun if everybody else is content with a club.

THOUGHTS WHILE APOLOGIZING

By MARSHALL MASLIN

It's my fault and I apologize.

I made a mistake and I'm sorry.

I forgot my good resolution and made a nickel-plated idiot of myself. Please accept the apology. Shake hands.

* * *

But don't kick me while I'm down. Don't think it's easy for me to admit I've been an idiot. Don't punish me any more than I've punihsed myself. Go easy, will you?

You've made mistakes, too, perhaps. You've made noble resolutions and then weakened. You know you have.

And you know how hard it is to speak up and admit you're wrong. You're almost perfect, but not entirely so. Try to put yourself in my place, please.

* * *

Don't make me grovel.

If you do, my regret may turn sour. I might decide it's foolish for me to apologize to one who doesn't know how to accept an apology.

I'll say things I don't mean. We'll be further apart than we ever were and I'll have a grievance against you—where, now, I have only a grievance against myself.

* * *

We should be friends again. We should never be anything else. . . . Let's forget this misunderstanding, because that's all it ever was. Put out your hand. Let your eyes soften. Make a truce that will last forever. Smile.

And I'll smile, too.

If you let that hard look linger in your eyes, if you try to make a hard bargain with me, if you threaten, if you scold, if you treat me like a slave just because I ask that we be friends again, then what's the gain of my apology?

You are no master, I am no servant, we are equals. . . . You are proud, I know, and I hurt that pride. But I am proud, too, and I hurt my own pride when I acted so foolishly.

* * *

There! Thank you for your hand and your smile and friendliness once more.

What a strong, clean, sweet and fair relief it is to be friends again. Let the lightning flash and the earth tremble and the roof crash over our heads. What do we care? That hurt is past. Our hands are clasped. We are friends!

GROWING YOUNG

Interest in matters of today is the best way to keep from growing old.

The years will roll round just the same, but ceasing to think of death at each milestone will greatly assist you in forgetting your age.

It does no good to keep death before you with a sense of dread.

Don't class youself according to your age.

Make your basis of figuring from the condition you are in.

Many men are really younger at 60 than others are at 45.

They are more sound mentally and physically.

Their outlook on life promotes longer years of happy usefulness.

Your viewpoint should not be governed by the statistics you read.

How foolish to say at 60 that you have only ten more years to live, because three score and ten is mentioned as the span of life.

What if it is the usual span, you don't have to think it is your span.

And why think so much about death as the end of all.

Death may be the beginning of a far happier existence if you have prepared yourself for it by living the todays with joy and unselfish ambition.

Don't give up hope till it is necessary.

You can't avoid death, but you can meet it with a smile and thus help your friends to live more happily.

The World AND THE Mud Puddles

POKER AND HEAVEN

The conductor had run off a good month, but after cashing his check allowed the boys to pull him into a poker game. When he arrived home that evening he handed his wife $58.

"My gracious, George, was that all you made last month?" she asked.

"Yes, honey," said George, "you know we hauled empties nearly all month."

The preacher, at the end of a stirring address, shouted: "Stand up all those who want to go to Heaven!"

A quiet little man remained seated, and the preached shouted at him: "Don't you want to go to Heaven?"

In a thin voice the little one replied: "Not immediately."

Hints and Dints

Sun sets tonight 4:49. Sun rises tomorrow 6:39.

We saw an auto going down Washington street yesterday with two kegs of cider, equipped with spigots, where the rumble seat ought to be. They looked a lot more comfortable than some things we have seen in a rumble seat.

A BUSINESS WOMAN

Mrs. Bridey—"Dear, I've thought of a plan to get that fall suit you say you can't afford to buy me."

Husband—"What is the plan?"

Mrs. Bridey—"You know that $75 we've got saved to pay for the fire insurance policy? I'll tell the agent to charge it and deduct the amount from what they owe us when the house burns down."

Out at Seattle Dr. David C. Hall, University of Washington health official, maintains that "kissing is unhealthy", but admits that the college rules against it don't have much effect. "The physical urge for emotional expression transcends all man-made rules to modify," he says, and that's that.

GARDEN NOTE

"See here," said Adam to Eve. "Do you realize that the high cost of living is crimping me badly? You simply must be less extravagant in the matter of clothes."

"All right, dear," answered Eve obligingly. "I'll help you to economize by turning over an old leaf."

What's the use? If prisons are unpleasant, society is brutalizing its victims; if they are homelike, nobody is afraid to commit a crime.

There hasn't been much frost on the pumpkins this year, but what of it? You don't have to have frost on a pumpkin to make good pumpkin pie, and right now is the time to get busy in the kitchen.

You don't see many kids with walnut stain on their hands any more. Walnut trees around these parts have gone to join the chestnut trees and hazel bushes.

IS THE CRUST RIGHT?

Mr. Newlywed—"Good gracious, dear, what a long pie! It is surely too big for just two."

Mrs. Newlywed—"I'm sorry, Cecil, but I couldn't get any shorter rhubarb anywhere.

Chickens that don't want to be mistaken for pheasants had better stay pretty close to the barnyards.

Now that the campaign is drawing to a close, there ought to be a pretty good demand for mouth washes.

During this campaign more than one politician has become bowlegged in trying to straddle the wet and dry issue.

Things are so arranged in this world that where there is a garage full of cars there isn't likely to be a house full of babies.

A friend told us today that he has been so badly worried over the election that he hasn't been able to sleep hardly any for two weeks. If it don't go the way he wants it to our idea is that he will have plenty of time to make up for all the sleep he has lost.

Somehow or other you don't hear much about "jobless" housewives. Good times or bad, the patient housewife has all the work on hands that she can do.

When they get East Washington street widened it's just going to be too bad when two fat people meet on the sidewalk.

HIS PERCIPIENT CAT

An English barrister, after a particularly trying day, came home with his nerves on edge, and at once sought refuge in his own study, after having mussed up the atmosphere of the home.

He sat down by his fire and was gradually getting calmed down when the cat, which had been sitting there too, and had been morosely eyeing him, got up slowly and stalked across the room.

The master turned on her and indignantly demanded: "Now, what are you stamping around here for?"

A hick town is a place where there is no excitement except that of waiting to see what a widow will do with her life insurance.

To miss a kiss is more

ONE AT A TIME, PLEASE

"When Jack and I are married, I'm going to have three servants."

"You will probably have twenty-three, my dear—but not all at once."

The latest styles in women's hats recall to mind the fully little debries the men used to wear away back when Philadelphia was putting on her first centennial celebration.

Out in Sterling, Mass., where Mary's little lamb first followed her to school, a whole family of skunks took up their residence under a schoolhouse. School officials went trapping and the atmosphere is clear once more.

A great President is one who happens to be on the job while Big Business is having an unusual run of luck.

The electoral college is another one where the boys follow a prescribed rut instead of using their brains.

AMERICANISM: Thinking this the most progressive of nations; calling men darned radicals if they suggest changing the old way.

PENNY WISE, ETC.

Benjamin Franklin, having been touched by an impecunious relative to the extent of $50, was asked for a sheet of paper so that the borrower could give him a note for the amount. "What!" exclaimed Franklin, "do you want to waste my stationery as well as my money?"

As we understand it, a banquet is a showy sort of meal where the speaker eats a lot of food he doesn't want and then proceeds to talk about something he doesn't understand to a crowd of people who don't care to hear him.

The love of money is also the root of all depressions.

Alas! You can't pass judgment on anybody else without at the same time passing judgment on yourself.

Each nation has now perfected a plan to save itself by selling much to others and buying nothing.

Another woman has received a letter six years after it was mailed. Evidently she doesn't go through her husband's pockets.

Conservatism: The desire to protect your money, or a willingness to protect the other fellow's money so you can get a share of it.

SCOT'S FUNERAL THRIFT

A Scotchman woke up one morning to find that in the night his wife had passed away. He leaped from his bed and ran horror-stricken into the hall. "Mary," he called down stairs to the general servant in the kitchen, "come to the foot of the stairs quick."

"Yes, yes," she cried. "What is is? What is it?"

"Boil only one egg for breakfast this morning," he said.

It is not flattering to a wife's vanity to feel that her husband looks upon her merely as a combination vacuum cleaner, patent dishwasher, gas range and sewing machine attachment that he acquired at the marriage license bureau. No wonder she resents it.

MUCH KISSING AHEAD!

Mother: "Did I see you kissing that young Allen last night?"

Beryl: "Well, mother, he told me he had just lost an uncle and I felt so sorry for him."

Mother: "If I know anything about that young man he won't have a relative left in a week's time!"

THE DIPLOMAT

Edith, aged 5, was playing house with three of her friends when little Jane joined the party. Edith did not care to have the newcomer join in their play, so she said," Jane, you will be the maid, and this is your afternoon off."

During the campaign just closed the women seemed to get a real kick out of the campaign speeches, especially if they were in favor of their candidate. If they were for a rival candidate, of course they weren't true and the radio dial was quickly moved.

The returns show that the best thing to put on an empty stomach is sympathy.

The impressive thing about the "reducing menu" you see in a magazine is the idea that anybody can eat that much at one sitting.

Mr. Hoover shouldn't feel so bad. People also lose faith in Providence when they can't make any money.

"Not one of them—they are not married yet."

World Has Little Sympathy For British Hunger Parades

Recipients Of Dole Declared To Have Yielded To Influence Of Reds While Taxpayers Have Given Heavily For Their Support

Spectacular features are observed in the activities of British hunger marchers and other protests in that country, but it is maintained in American comments that recipients of the dole should recognize that taxpayers have given to the limit in the effort to relieve their condition and they have been too strongly influenced by communists and those who seek to capitalize conditions for personal reasons. It is pointed out that the protests of the marchers are based upon an unreasonable objection to the requirement that those who receive the dole shall show that they have no other source of income.

The situation is summarized by the OAKLAND TRIBUNE with the statement that "a dole can only be spread so far," and "at best it is an expedient," and that "when it is given to those who have means and may not need it, the ones in actual need must suffer." The CHARLOTTE OBSERVER emphasizes the fact that "the London march was an undisguised demonstration of communist inspiration and guidance, the crowd flying red banners and singing red songs." This fact is brought out also by the ROCK ISLAND ARGUS and the CHARLESTON (W. VA.) DAILY MAIL holds that "only chaos would prevail if the policies urged by reds became effective." The ROANOKE TIMES warns that "the communists are watching their opportunity to start trouble and they thrive at a time of general misfortune." The PORT HURON TIMES HERALD describes such demonstrations as "open to the suspicion of being sinister movements."

"The events in London are in themselves not tragic, "advises the WASHINGTON EVENING STAR, "but they do constitute a 'stop, look and listen' sign post which the sagacious counselors of the Crown are not at all likely to ignore." That paper comments: "Four or five years ago, when the general strike for a time threatened to do something farther-reaching than merely dislocate British life temporarily, the country gave a magnificent demonstration of poise, self-control and resourcefulness. The hopes of the forces of unrest were thwarted on that occasion by the aroused common sense of the British people. That is always the reservoir of resistance upon which Britannia can depend in times of upheaval like those London is now experiencing." The LOWELL EVENING LEADER remarks that, "once the dole system was established in Great Britain, complications were bound to follow, and now the tendency of the unemployed is to revolt against any requirement at all for assistance from the government." The Leader believes that "Great Britain has a serious problem to meet the situation," recognizing the fact that "conditions there are infinitely worse than here."

"The march," in the opinion of the NEWARK EVENING LEADER, "is only an incident in a continuing performance, a spectacular demonstration of human feelings in a period of suffering and difficulty. It merely causes trouble, expense and added suffering." The Evening News explains: "The particular grievance of these demonstrators is the 'means test' employed to determine who shall be recipients of the dole. Under this test applicants are obliged to show they have no other means of support. Objection is raised against having to show actual destitution in order to obtain government relief. It is easy to sympathize with the pride that rebels against confessing such destitution, yet the government must protect itself against impostors. It must do this for the benefit of all the citizens, including those who depend upon the dole. While it may be possible to soften the harshness of this requirement, it cannot be abolished."

"The test is a protection against graft and gouging, not only for the taxpayers, but also for the utterly indigent, as it conserves for the in-

Just Folks

NEIGHBORING

I remember when a boy that my
mother used to say:
"Mind the house a little while, for I
won't be long away.
I'm just going 'cross the street for
perhaps an hour or two;
Mrs. Smith is very ill and I'll see
what I can do."
None of us had money then, so
when trouble came about,
Neighbors up and down the street
had to help each other out.

I have watched her many a time
stirring custard or a cake
For the dainty bit of food which
some invalid could take.
And when sickness came to us so
the neighbors rallied 'round;
For the burdens we must bear many
a helping hand we found.
But our fortunes rose and rose and
we ceased to play the friend,
And we ceased to look for help, having money we could spend.

When whatever people wish they
possess the coin to buy
There is very little left for the
neighbors to supply,
When for hospital attention there is
money in the purse,
Kindly women on the street one another needn't nurse.
Thus with wealth at every hand and
with rising bonds and shares
We raced blindly on our way, each
about his own affairs.

But we're back to simpler ways, and
the mothers more and more
Will go slipping 'cross the street to
some troubled neighbor's door
And they'll help to nurse the sick
and they'll stir up custards, too,
In the same unselfish way that our
mothers used to do.
Oh, we've had our fling at wealth
now we're back to living plain,
Back to all that friendship means,
back to neighboring again.

Weekly Health Talk

"Perhaps the most prevalent disease among the North American people is the common cold. Like flies in the summer, the cold is so omnipresent that the average person takes it more or less for granted and because of his familiarity with it as something beneath his contempt. Such an attitude is far from wise," states Dr. Theodore B. Appel State Secretary of Health.

"Unfortunately there is no panacea for colds. Inoculations in many instances have proved valuable, but by no means in all of them. Nevertheless, there are certain rules of conduct which, if thoughtfully applied certainly will have a very definite tendency to act as a bulwark against this condition, and more serious ones also.

"So far as it is possible to do so, one should avoid persons having colds; sleeping in the same bed or room with them is hazardous. Again the fundamental living rules, if wisely applied will assist in developing a normal resistance. Also, one should wear clothing to fit the temperature— fewer persons do this than is suspected. Sleeping rooms should be well ventilated. And damp or wet feet should be avoided. And finally, hands should always be cleansed before eating.

There is no desire to infer that these suggestions will ward off all colds. It can be stated, however, that many thousands of infections of this type apparently can be directly traced to carelessness in one or more of these matters.

"If, in spite of precautions, one contracts a cold, the wise thing is not to temporize with it. 'Only a cold' may indeed, and frequently is, a forerunner of influenza and pneumonia. However, inconvenient it may be to do so, the safest thing is to go to bed with your cold and thus put it up directly to old dame Nature, and the doctor. Thousands of persons who lost their lives from colds and their consequences would undoubtedly be alive today had they only been willing to lose a few days in bed instead.

"Remember, that despite their being ubiquitious, colds can be very dangerous and death-dealing affairs. Give their avoidance and the colds themselves, the respect that is their due. To behave otherwise is to be exceedingly foolish."

New Muskingum Heads Will Be Inducted Friday

Will Be Inaugurated On Same Date As Their Father Was 28 Years Before

WILL ALSO HOLD ARMISTICE PROGRAM

NEW CONCORD, Ohio, Nov. 8.—Two brothers, recently elected heads of Muskingum college, will be inducted into office on November 11, the 28th anniversary of the inauguration of their late father as president of the same institution.

Dr. Robert N. Montgomery will succeed to the presidency and J. Knox Montgomery, Jr. will assume the office of executive vice-president to carry on the educational program conducted for over 27 years by Dr. J. Knox Montgomery Sr. Formal inauguration of the young Dr. Montgomery will be postponed until early spring, it is announced.

The induction service is in charge of a committee of the Board of Trustees and Dr. James Best, Wilkinsburg, Pa., president of the board, will be the inducting officer. The Rev. Mr. Best received his doctor of divinity degree from Muskingum in 1927. He will also preside at the meeting of the governing body following the service.

As speaker for the occasion the college has secured Dr. W. O. Thompson, president-emeritus of Ohio State University, Columbus, who is an alumnus of the school, in the class of 1878. Dr. Thompson participated in the inauguration ceremony of the late Dr. Montgomery in 1904. He is one of the prominent educators of the nation and was a close associate of the late Muskingum executive.

The day's program will be held in Brown chapel at 1:00 p. m., following an academic procession from Montgomery hall. An Armistice Day tribute is also planned as part of the service. Celebration of the eleventh annual alumni home-coming will take place on November 12 and a special chapel service on Sunday evening, at which the Rev. W. Bruce Wilson, Coraopolis, Pa., classmate of the new president, will preach, will terminate the three-day campus observance.

Dr. Robert Montgomery was graduated from Muskingum in 1921 and for the past two years has been president of Tarkio College, Missouri. For four years he was professor in Pittsburgh-Xenia Theological Seminary. J. Knox Montgomery Jr. came to Muskingum as executive secretary in 1931 and for the past year has been acting head of the school. He was formerly general secretary of the Y. M. C. A. at Butler, Pa.

Canada To Accept State Certificates

(International News Service)

HARRISBURG, Nov. 8. — The Pennsylvania Department of Agriculture is advised by the United States Department of Agriculture that the Dominion of Canada will hereafter accept shipments of broom corn for manufacturing purposes, clean shelled corn for seed or feed purposes and clean seed or broom corn, when such shipments are accompanied by a certificate of inspection issued by the proper state official.

Formerly such shipments required certification by federal officials, but since the revocation of the federal corn borer quarantine the federal department is not able to provide this service.

Persons who contemplate shipment of any of these commodities from points in Pennsylvania should apply for certification to the Pennsylvania Department of Agriculture, bureau of plant industry, Harrisburg, Pa.

Association Is Expecting Large Crowd At Dinner

Plans Are Completed By Y. W. C. A. For All-Association Gathering

Reservations for the All-Association dinner planned for Wednesday evening by the local Young Women's Christian Association are coming in numbers even larger than were expected. The affair, which is to be attended by committees, clubs, special groups and classes, board, staff and members of the "Y", is in observation of the 25th anniversary of the national board's organization.

Final plans for the evening have been arranged.

Guests will assemble in the auditorium on the second floor of the building after taking their tureens to the third floor dining rooms.

The grand march will start at 6:00 p. m. promptly and is to be led by the health, the physical education classes and the health education committee. The guests will march around all the tables to see the decorations.

Blessings will be sung by the George Washington Girl Reserves in the gymnasium (where part of the dinner tables will be set), and by the Benjamin Franklin Girl Reserves in the Green Room.

After dinner the whole group will be led back to the auditorium by the Hobby Club, the junior Benjamin Franklin Girl Reserves, where a program will be in charge of the president of the board, Mrs. A. B. Fankhauser, who will welcome all the guests. The anthem which the Washington Reserves sang for the recognition service Sunday evening will be repeated at this time.

Mrs. Fankhauser will tell the story of the forming of the national association of the Y. W. C. A. under the leadership of Miss Grace Dodge and of the three main motives: Spiritual revival, service and co-operation, which were combined at that time.

The following program will serve to demonstrate the emphasis which the Y. W. C. A. has added to these first three motives:

Negro Spirituals—Elm Street Girl Reserve Clubs.

Greetings—From three members of the first board of the New Castle Y. W. C. A.

Polish Songs—Merry Circle of the International Institute.

Call To Prayer In World Fellowship—As written by Mrs. James Cushman, American vice president of the World Council of the Y. W. C. A.

Italian Songs—Italian clubs of the International Institute.

Dialogue — "Sally and President Wooley" — Betty Bridenbaugh and Donna Jean Beall.

Song — "Forward Through the Ages" — Mrs. William Caldwell.

Award of prize for most cleverly decorated table.

Closing Song — "Follow the Gleam."

Women and girls are urged to come early enough to set their tables so that the grand march may begin promptly at 6 o'clock.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

HERE'S PLAN TO MAKE TREES BLOOM

(International News Service)

JEANNETTE, Pa., Nov. 8.—Here's a garden hint—if you want your peach trees to blossom forth in the middle of autumn just burn down your house and the heat will bring forth the blooms; that is, providing your house is close enough to the trees.

The home of Mrs. Mary Sindorf here was burned down recently and her peach tree bloomed a few days later.

digent the resources available for public relief," says the MINNEAPOLIS JOURNAL. The BUFFALO EVENING NEWS offers the comment: "Those London riots are not helping to relieve hunger, but are palpably an attempt to exploit poor people for political ends. Demonstrations controlled by police, with casualties limited to a few bruises, are, of course, so far from revolution that the word is not worth using in relation to them. It is obvious, however, that the political objective of the organizers is to create more hunger in the hope thereby of arousing more desperate and deadly riots. That sort of thing is affording the world in these days its only glaring examples of men whose passion for power makes them oblivious to the suffering which they may cause in seeking or exercising it."

"While England, at terrific cost, as kept thousands on the dole, it has won no gratitude," asserts the GLENDALE NEWS-PRESS. The LINCOLN STATE JOURNAL holds that "the dole has done much to destroy the initiative of the English people," but the DANBURY EVENING NEWS avers that "there is no reason to believe that Britain will fail to come through this trying experience successfully."

"The outbreak," in the opinion of the HOUSTON CHRONICLE, "indicates the danger to any society which permits hunger and suffering. Even though it be the best society possible, even though it be manned by devoted statesmen and able administrators, with the most intense desire to do the right thing, if it fails in the one task of saving people from destitution its destruction is very likely. Not only will the forces of destruction feed on the embittered minds of suffering people, but on the indignation of more fortunate people who are heart-stricken at the suffering of others."

Revealing a more favorable attitude, the SPRINGFIELD (MASS.) REPUBLICAN comments: "The government is between the devil and the deep sea. It is struggling to make both ends meet, and is naturally unwilling to pay out a penny more than it has to, but of course, it does not want the people to starve. Under these abnormal conditions a 'hunger march' is possibly as quick and effective a way as any to demonstrate the need of a more liberal policy, and it may already have justified itself by the prime minister's pledge that the measure denounced will be reconsidered."

ARGUMENTS MADE FOR NEW TRIAL

Arguments on a motion for a new trial were heard at court this morning in the case of Alex Donnan, convicted of larceny at the September term of court, in connection with sale of some printing machinery. The machinery originally belonged to Donnan. It was seized and sold on a landlord's warrant, the landlord later transferring it to Donnan's wife on a bailment lease.

It was claimed that Donnan had afterwards sold the machinery. In the application for a new trial it was argued in behalf of the defendant that the sale of the machinery had been irregular, and that Donnan should not have been convicted for selling his own property. Plaintiff denied that the sale had been irregular.

Pacific Coast Voting Heavy

Indicated That Largest Vote In History Of Pacific Coast Will Be Cast

NEW GOVERNORS TO BE CHOSEN

(International News Service)

SAN FRANCISCO, Nov. 8.—With indications that the largest army of voters in history would march to the polls in six Pacific slope states today, party workers in Washington, Oregon, Idaho, California, Nevada and Arizona strove to "get out the vote."

Approximately 4,500,000 voters were registered and estimates of the vote to be cast ran as high as 80 percent or a turnout at the polls of around 3,600,000. Of this number probably 2,000,000 will record their choice in California.

Naming Governors

In addition to expressing their preference for president, voters of Washington, Idaho and Arizona will name Governors. United States Senators will be chosen in all of the states and 33 Congressmen selected.

Washington, Oregon, California and Arizona voters will have an opportunity to voice directly their sentiment on prohibition, repeal of state dry laws being before the voters in referendum in those states.

Due to the fact that polls in western states remain open until 7 or 8 o'clock Pacific Standard Time, so far western voters may be casting their votes after the national issue has already been decided by voters in eastern and middle western states.

Lions Club Hears Highland Pastor

Civic Club, Observing Patriotic Luncheon Today, Told War Evils

Americans, as citizens, must elevate to public office men who pledge themselves to keep the United States from an armament race with other nations of the world, they must cultivate selves in international-mindedness, they must rear their children to hate and fear war and above everything else, they must become peacemakers themselves by promoting the cause of the Prince of Peace, if America and the world is to avert another war, the Rev. D. L. Ferguson, pastor of the Highland U. P. church told the Lions club at their Armistice Day luncheon today.

Rev. Ferguson, himself a veteran of the navy service in war-time and a newcomer in the Lions' membership here, spoke for nearly half an hour in condemning the destructive evils of war.

"Civilization was strained to near the breaking point in its fight to bear the world war," the minister declared, "and if another comes it's bound to crack."

The speaker assured the club he was no pacifist when he said: "A man is less than a man when he refuses to bear arms for his country when the necessity comes, but only when that necessity arises."

"But we need adequate defense and adequate defense only," he went on to say, showing that a presence of too great an army or navy only breeds a world-wide militaristic spirit and jealousy.

Rev. Ferguson quoted Senator Borah when he said that England and the United States both spent $60,000 for the upkeep of their defense during that famous hour when President Hoover talked war debts here with Prime Minister MacDonald.

In closing, he decried the oft-repeated thought that peace-making is a job for statesmen and diplomats alone. He asserted with emphasis that it's a task for the Lions, for every citizen—for every world citizen who wants to quickly see the "vicious armament-building circle broken."

Treasurer Of Pennsylvania Engineering Works To Be Given Post

Under plans approved by the comptroller of currency, Washington, the Monongahela National Bank, Pittsburgh, will be reorganized and reopened before December 19, if the plans are accepted by the depositors, the Federal Reserve Bank and the Pittsburgh clearing house.

The bank's board of directors, it is expected, will be headed by John E. Crawford, Pittsburgh, treasurer of the Pennsylvania Engineering Corporation. The new institution will be known as the Monongahela National Bank of Commerce.

Crawford is known here as the promoter of the merger between the Mead-Penn Iron Works of Meadville and the Pennsylvania Engineering Works of New Castle.

MARCHIONESS RETURNS FOR FAIR

Forty years ago, at the Chicago fair of 1893, Lady Aberdeen was elected president of the International Council of Women, a position she still holds. She will be an honor guest of the National Council of Women July 16-22.

PRESIDENT WILL HEAR VERDICT AT PALO ALTO HOME

(Continued From Page One)

tion over the radio "not to be led astray by false goods arrayed in the rainbow colors of promises," and asserted:

"It is my deep conviction that for the welfare of the United States the Republican party should continue to administer the government."

Going To Palo Alto.

The campaign special, bearing the dust of a score of states, was due to reach Oakland, California, about eleven o'clock this morning.

Mr. and Mrs. Hoover and their party will leave the train there, cross the bay by ferry to San Francisco, parade through the streets of the western gateway, lunch and then motor to Palo Alto, some forty miles away.

That the president is dead tired from the business of speaking constantly and greeting literally hundreds of thousands of people there can be no doubt. His imperturbable nerve finally gave way last night at the final rear platform appearance of his campaign at a little Nevada town named Carlin.

A group of 200 was on hand. The president came out on the observation platform in the chill of the night mountain air and begged to be excused from a speech because of the exactions already made on his voice in a hectic five day trip across the continent.

"Oh, razzberry" came a particularly audible and insolent voice from the fringe of the little crowd as the president turned to re-enter his private car.

Mr. Hoover turned instantly, and in an icy voice said:

"If the man who made that remark will step forward, I will attend to him."

Cheer For President.

There was a second of silence and the crowd, seemingly ashamed of its lone heckler, gave the executive a lusty cheer.

Earlier last night from the sage brush country the president said his last formal word of the campaign. The setting was colorful and highly dramatic.

The train pulled into Elko, an overgrown mining camp of some 3,000 inhabitants. As it came to a stop, there was a bustle of activity. Radio engineers working with men from the local power plant, strung wires in through the ventilators of the lounge and in an astonishingly few minutes the car was converted into a temporary studio.

Hurluf Provensen, the president's special announcer, took his place in front of his microphone.

A hand was raised and Elko, Nev., was on the air.

While Provensen made the introductory remarks the president sat stroking his chin in deepest meditation.

"——and so it is my privilege to present the president of the United States, ——" said Provensen.

As Mr. Hoover stepped to the microphones his only audience was a group of about 20 of his immediate party bunched at the far end of the car. The president's face was set, his voice was husky at the start but seemed to clear.

Final Statement.

"I have a deep feeling," he said, "that the choice you make now is more than the choice for another four years. There is great divergence in philosophy of government between the parties which may affect events over a generation. A mistaken choice may hazard the welfare of our children and our children's children.

"I have been fighting that the wrong course may not be adopted, not by appeal to destructive emotion, but by truth and logic. I have tried to dissolve the mirage of promises by the realities of facts. * * * After four years of experience, I still regard the presidency as a supreme obligation."

Outside, unable to see the dramatic scene because of the drawn shades, was a cross-section of the frontier. A Chinaman leaned against the step of the last car of the train. About 50 men who appeared to be miners and cattlemen loafed around the frame station. Several Indians in store clothes mingled with them. Across from the tracks, the town's one movie house blazed brightly despite the fact its two banks had closed last week.

The president finished. The wires that connected Elko up with San Francisco for broadcast were pulled from the car.

The train moved on, and the Republican campaign of 1932 for the presidency had come to an end.

At Old Home Today.

SAN FRANCISCO, Nov. 8.—President Hoover returns today to San Francisco and Stanford university, the scenes of his youth and early manhood.

Following a civic welcome here shortly after noon, President Hoover will motor 30 miles down the peninsula to Palo Alto arriving at the Stanford campus at 3:10 p. m.

As a special precaution, a police guard was placed around the city hall last night and will be maintained until after President Hoover's visit.

Secret service men and state officers also have been stationed at the president's home on the Stanford campus.

The presidential caravan of 14 automobiles will merely pause at peninsula points while enroute from San Francisco to the university campus where the president will cast his ballot at his home on San Juan hill.

Suspend Sentence On John Curtis In Lindbergh "Hoax"

Norfolk Ship Builder Will Not Serve Sentence For "Lindbergh Hoax"

(International News Service)

FLEMINGTON, N. J., Nov. 8.—John Hughes Curtis, convicted of interfering with justice in the search for the Lindbergh baby kidnaper-murderer, was granted an unexpected suspension of the execution of his sentence Monday by Judge Adam O. Robbins of Hunterdon county court.

He had been sentenced to one year in jail and a heavy fine.

Assistant Attorney General Joseph I. Lanigan and Prosecutor Anthony M. Hauck both agreed to the application for suspension of the sentenced made by C. Lloyd Fisher, counsel for Curtis. It is not known if they consulted Colonel Lindbergh before taking this action.

Philadelphia Man Attained Greatest Age Of Any In State

Captain James Smith Who Died In 1930 Reached Age Of Century And Quarter

HARRISBURG, Nov. 8.—The records in the Bureau of Vital Statistics, State Department of Health, do not reveal more than a half dozen death certificates of persons who had attained the age of 100 years, according to Dr. Emlyn Jones, Chief of that Bureau.

There is an authentic death certificate on record of one man who was born in 1805, and whose age is given as 124 years, 10 months 10 days at the the time of his demise. His name was Captain James Smith, and he was a resident of the 44th ward in Philadelphia. He was born in England, and died on February 24th, 1930.

Captain Smith seemed to have good health until his 114th year, when his arteries began to harden, but so great was his stamina and resistance to the disease, that it was more than 10 years later before he yielded to its onslaughts, the final cause of death being given as a paralytic stroke.

This is the greatest age attained by any Pennsylvanian according to the records of the State Department of Health. However it should be noted that these go back only 26 years.

The span of life expectancy today is usually given as 58 years. On that basis Captain Smith lived out more than double the normal lifetime of his contemporaries. And the scriptural "three score years and ten" was surpassed by more than half a century of existence by this hardy pioneer of another historic time. It is doubtful if another record such as this will be entered in the State Health Department in many a long day. Few persons indeed, attain a length of life so great.

"Peach Yellow" Nearly Extinct

Plan Followed By Department Of Agriculture Eradicates Disease

(International News Service)

HARRISBURG, Nov. 8—Less than 15 years ago, one of the greatest worries of the peach grower was that most perplexing disease known as "peach yellows," says the Pennsylvania department of agriculture.

The disease was common throughout the important peach growing counties in southwestern Pennsylvania, one out of every 25 trees being infected, the department explains. This meant that the trees were not profitable and would soon die.

No control measure, such as spraying, could be found. The only way out was to discover and destroy the infected trees. Starting in 1921, this plan was adopted and followed systematically by the state bureau of plant industry. Over 287,000 trees were inspected in 15 counties that year and out of that number 17,000 were found infected. These trees were marked by the inspectors and the orchardists removed the trees from the orchard. For eleven years, this plan was faithfully pursued until by 1931 the prevalence of the disease had been reduced so that, instead of one in 15, only one in a thousand trees was found infected.

Dirty Shirts Are 'Forgery Evidence'

(International News Service)

WICHITA, Kan., Nov. 8.—Local detectives, after receiving a hot tip from Hutchinson police, were all set to capture a bond forgery ring together with the evidence necessary to convict, and their reward for their pains was a bundle of dirty shirts.

The police had been notified by their Hutchinson, Kan., contemporaries that three members of a forgery ring were on a plane bound for Wichita, and minute descriptions were given. The bonds would be with them, the information said.

The capture was duly made, the grips, supposedly the receptacles of the bonds, were examined and found to contain the week's washing. After appropriate apologies from the police, three traveling salesmen continued their rounds.

Calotype was a name applied to one of the earliest processes for producing photographic prints as well as to the prints themselves.

If Your Ears Ring With Head Noises

People who are growing hard of hearing and who experience a stuffy feeling of pressure against their ear drums, accompanied by buzzing, rumbling sounds in the head like water falling or steam escaping, should take prompt and effective measures to stop this trouble.

Secure from Eckerd's of New Castle, Inc. or your druggist 1 oz. Parmint (Double Strength). Take this home and add 1-4 pint hot water and a little sugar.

One tablespoonful four times a day should quickly relieve distressing catarrhal head noises, open clogged nostrils, make breathing easy, stop annoying mucous discharge. All catarrh sufferers should give Parmint a trial.

BOTH GIRLS IN BUTLER HOSPITAL

(International News Service)

SLIPPERY ROCK, Pa., Nov. 8.—How an automobile accident cut short the plans of a 19-year-old beauty contest winner to join her mother in celebrating the parent's fifty-fifth birthday anniversity today was revealed in an account of the mishap which resulted in injury to the daughter and a girl companion.

The accident occurred while Mary Golden, Pittsburgh was motoring to Oil City where she was to visit her mother, the car struck a telephone pole here painfully injurying Miss Gilden and Kathryn Farr, 21.

Conditions of both girls were said by Butler hospital attaches to be serious. Miss Golden won a loving cup in a beauty pageant sponsored by the Veterans of Foreign Wars last year and last August Miss Farr won first award in a similar contest.

Norman Thomas Is Confident Of Large Vote

Socialist Candidate Confident Of Largest Vote Ever Given To Party

(International News Service)

MILWAUKEE, Wis., Nov. 8.—Confident that his party will roll up the biggest vote in its history, Norman Thomas, socialist candidate for president, awaited the results of today's election here, following the windup of his strenuous campaign.

The national socialist drive was brought to a close here last night when Thomas addressed an enthusiastic throng of 11,000 followers who jammed the auditorium to capacity.

The socialist nominee vigorously assailed both President and Franklin D. Roosevelt and denounced Wisconsin's LaFollette brothers for having endorsed the Democratic national and state tickets.

SEVENTH WARD NEWS

Voice Need For Sewing Machines

Co-operative Workers Here Doing Fine Job; Need Additional Sewing Machines

Sewing machines are needed by the co-operative sewing group in Mahoningtown; with additional machines the work going on at the east annex of Mahoning school will proceed much more rapidly. Anyone who has a sewing machine which will not be needed for the next several months, is asked to get in touch with the chairman of the sewing project, Mrs. Richard Gwilym, West Madison avenue.

Buttons are also needed in the work. The Lawrence County Chapter of the American Red Cross has furnished the local sewing group with plenty of cotton material and trimming. It is likely that there will be enough material to warrant continuing the sewing bees thruout the winter.

Excellent work has been achieved since the commencement last September. One half of the number of finished garments goes to the Red Cross and the others to furnish children of needy Mahoningtown families with clothing for school.

Voters Of Ward Going To Polls

Polls in seventh ward are busy spots today, with voters from the three precincts making pilgrimages to cast their ballots for their chosen candidates. The vote here will be quite heavy this election day. Although the first two registration days were light, a decided increase was shown on the final day of registration.

SCHOOL INVITES PARENTS.

This is parents' week at Mahoning school. They are invited to come to the classes and observe the students while at their studies. Today, parents and friends of the primary grade youngsters are especially invited to come to the classes so that they may get a better idea concerning the studies and routine work of their children.

Tomorrow the intermediate grade work will be displayed.

There were not many visitors to the school yesterday but it is believed there will be more today.

Observations In 7th Ward

The Armistice Day services given by the senior Epworth League of the Methodist church were attended by the largest crowd of the year, the writer is told. The program, Robert Tackitt leader, included songs, reading by Harold Gillespie, special musical selection by a quartet consisting of Lloyd Gwin, Dr. C. W. Davis, Merle Adams and Mr. Gillette, addresses by Q. E. Davy, Lloyd Gwin and Mr. Godwin, taps by Walter Evans.

If William Stubb's experience of Saturday can be taken as an example, squirrels must certainly be plentiful in Butler county. Mr. Stubbs told somebody and that somebody told the writer that near Portersville the squirrels are thicker than molasses and that you don't have to hunt for them. They come right up, inviting to be shot. Mr. Stubbs sat down on a log for a little while Saturday, so the story goes, and he bagged five gray squirrels without moving from the log.

Housekeeper And Man Companion Double Cross Albert Witchey

Albert Witchey, aged 60, Butler road, R. D. No. 3, owes it to the speed with which members of the police force acted on Monday afternoon that he is not out considerable money.

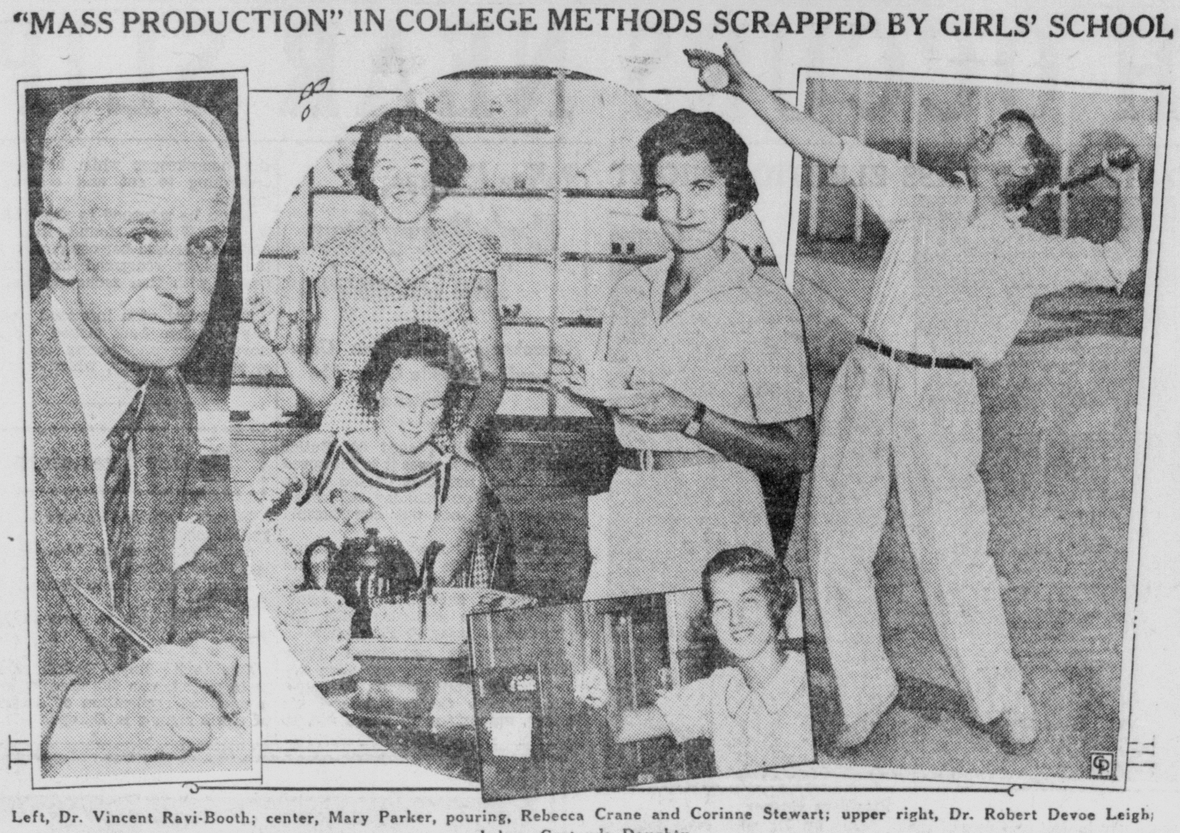
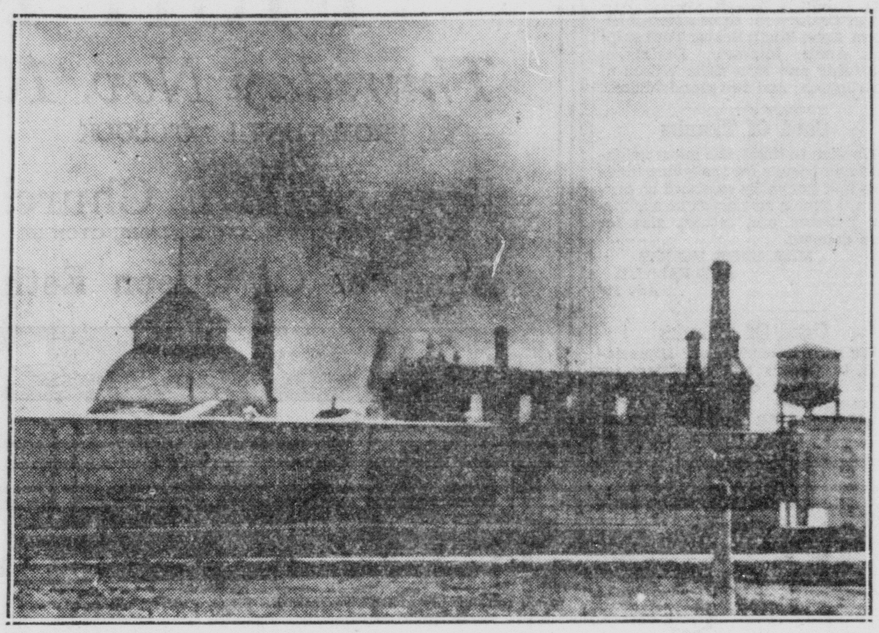
"MASS PRODUCTION" IN COLLEGE METHODS SCRAPPED BY GIRLS' SCHOOL



Left, Dr. Vincent Ravi-Booth; center, Mary Parker, pouring, Rebecca Crane and Corinne Stewart; upper right, Dr. Robert Devoe Leigh; below, Gertrude Doughty.

"Mass production, highly characteristic of so many American industries, has even crept into our academic fields," says Dr. Vincent Ravi-Booth, pastor of the old First Church of Bennington, Vt. Therefore, Dr. Ravi-Booth suggested a change in the methods of teaching at the Bennington College for Girls. Periodic examinations, required subjects, compulsory attendance, grades in studies—and other college traditions were scrapped by the directors. Girls who complete the three or four-year course satisfactorily are promised their bachelor of arts degree. The president is Dr. Robert Devoe Leigh, formerly professor of government at Williams college. Prof. William H. Kilpatrick of Columbia university, is chairman of the board of trustees. Student body is limited to 240.

Prison Fire That Started Riot



Made during the recent disorder at the St. Vincent De Paul Penitentiary, Quebec, this spectacular picture shows smoke pouring from the burning prison after a Negro convict had started a fire. The alarm started a short but fierce riot among 130 convicts who turned on their guards with cobblers' knives and hammers. No lives were lost, but nine guards, including Major Emil Jacques, were injured.

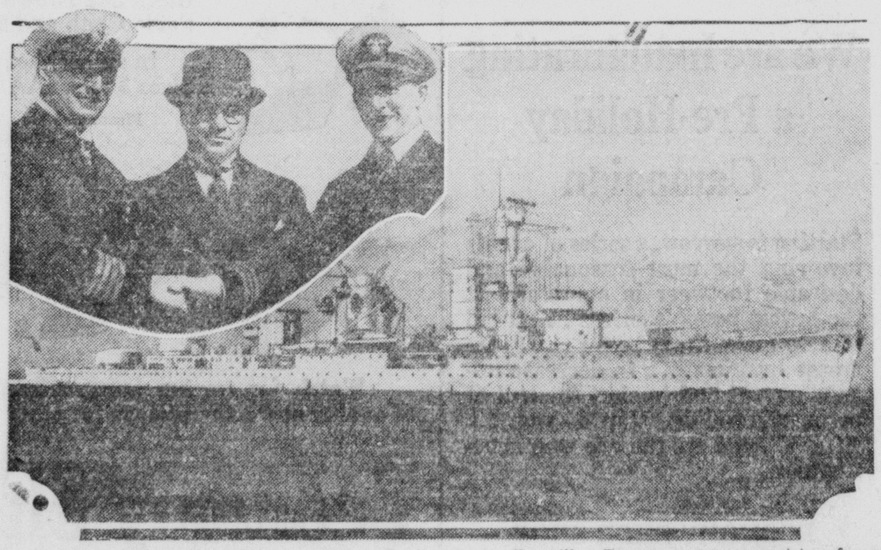
A view of wrecked bungalows at Broad Channel, Queens, New York City, razed by the gale of cyclone intensity that swept the seaside resort. Most of the buildings, set up on piles, were unoccupied, but occupants of two of the demolished houses were shaken up when their homes tipped off their perches.

German Man-O'-War Welcomed in Philadelphia



Here is the six thousand-ton German cruiser "Karlsruhe," which recently docked at Philadelphia, marking the first visit of a German warship to these shores since the World War. The vessel, which is the first cruiser built in Germany under the terms of the Versailles Treaty, had been cruising for a year in the Pacific. Inset shows Captain Irving Wassner, skipper of the "Karlsruhe," as he was welcomed by German Consul Arno P. Mowitz (center) and Lt. Comm. H. L. Kieffer, representing U. S. Navy.

Exiled Ex-President

Labeled as a rebel, Arturo de Silva Bernardes, former President of Brazil, is amongst the 78 prisoners recently sentenced to deportation from their native land on conviction of being implicated in the recent revolt in Sao Paulo State. Prominent military leaders, editors and politicians are amongst the group exiled by President Getulio Vargas.

Muddy Happiness

This British girl is so fond of her athletics that she doesn't mind a little mud in her eyes and on her complexion. She smilingly faced the camera after having participated in the ladies' cross-country run at Perivale, near London, recently. Due to the muddy state of the field the girls brought a good deal of the track home with them.

STAGE "MOCK TRIAL"

There was cause galore for the laughter that rang through the Y. M. C. A. lobby last night, for upstairs the Uparatasa fraternity's members were witnessing a mock trial that scored a new high in the fun annals of the Association. The mock trial marked the group's weekly program.

Heading the youthful cast that saw reasonable justice was had by all was their invited guest, Boys' Work Secretary W. A. Thomas, who was the judge. Charles O'Brien and Howard Ziegler were defendants; William Shira was court crier, Homer Rosser was sheriff, and others served.

Before the trial, the fraternity voted to expand its service work among four established boys' clubs of the Y.

Report Effort To Tamper With President's Train

(International News Service)

RENO, Nev., Nov. 8.—P. E. Fish, a guard at an overhead crossing west of Palisades, Nev., was injured by two men shortly before President Hoover's special train was scheduled to pass under the crossing last night, A. A. Lowe, traveling inspector of transportation for the Southern Pacific railroad, told International News Service when the special train stopped at Sparks, three miles east of here, at 3 a. m. today.

The train left Sparks for California at 3:05 a. m.

Lowe declared he was riding on the pilot train which he said Fish flagged.

Dynamiters Flee.

"Fish said he had heard a disturbance on the Western Pacific tracks which cross over the Southern Pacific tracks and when he investigated he found a white man and a negro on the overhead tracks. They had six sticks of dynamite, Fish told me.

"Fish was not shot," Lowe said, "but was bruised evidently when he slipped down an embankment from the overhead track to stop the president's special."

"Fish told me he had a scuffle with the two men and that they escaped in the darkness," Lowe said.

"As far as I could learn," Lowe said, "there was no attempt whatsoever to dynamite either the track or the train.

"We sent Fish back to Carlin, Nev., for medical treatment."

All coaches were dark when the train arrived at Sparks, and train attaches said they did not know whether President Hoover knew of the incident.

Play Pinochle.

"Only four passengers on the train are awake and they're playing pinochle," a train employe declared.

When the pilot train and the president's special passed through Reno a few minutes after they had left Sparks, only about 100 persons, including Reno police, were at the railroad station.

The trains did not stop at Reno.

Officials declared that the delay of the president's special in reaching Sparks was due to the investigation of the incident at Palisades.

(International News Service)

San Francisco, Nov. 8.—Secret service, railroad special officers and county and local authorities in Nevada today joined hands in an investigation of an alleged attack upon a railroad guard at an isolated point shortly before the special train bearing President Hoover westward passed over an overhead bridge.

Conflicting reports were sifted by officials who declared that due to the isolated area in which the incident took place, they had been able to gain only meager details.

President Hoover's train was delayed more than an hour while officials investigated.

South High To Test Power Of "Red Hurricane"

Coach Bridenbaugh Faces South High Youngstown Game With Team Crippled

TOMLIN MARKED MAN SATURDAY

South high of Youngstown will be the next opponent for the New Castle high school football team, becoming popularly known as the "Red Hurricane". The game will be played Saturday, November 12 at Taggart stadium. The kickoff will be at 2:30 o'clock.

"Stop Tomlin" is the by-ward at New Castle high this week. Meaning of course that sensational colored speedster, Ernest Tomlin, the big Youngstown South halfback who has been burning up the turf on the Ohio fields this year, and whose four touchdowns last week against Salem, Ohio, made him the leading point scorer in Youngstown and vicinity. Coach "Busty" Ashbaugh is depending on this youngster.

South High Unbeaten

South High is unbeaten, but tied, this year in seven games. The 0-0 deadlock with Memorial high of Campbell was a terrific battle. The South High victims have been Lakewood, Cleveland, Chaney, East High, Salem, Girard, and Boardman.

New Castle high will be up against the flashiest backfield quartet they have faced this year. The South High line is a big one. They will probably outcharge the locals all along the line, and then again they may not.

Coach Phil H. Bridenbaugh faces this ninth game on the schedule with anything but optimism. The New Castle team came out of the New Kensington game with more scars than an ordinary football player would suffer in four years, Allex Shellogg the big right tackle got a beautiful "shiner" that required a few well directed stitches by the team physician. Johnny Uram got a sock on the nose that didn't do the front part of Johnny's map a bit of good. DeCarbo has bruised leg and Raskowski is still limping on that charley-horse. Nickum is not fit for play yet, but his leg is slowly responding to treatment and he may get in the South High game for a quarter at least.

Passing Attack Weak

New Castle's forward passing attack has been woefully weak ever since Nickum suffered his injury, and it not likely that Coach Bridenbaugh will use much of a forward passing system against South. The Ashbaugh eleven is clever at breaking up passes.

The "Red Hurricane" has been successful in eight games to date. They have licked some tough football teams to hang up that splendid record, but no football team ever won games on their record, and so it would be wise for the boys to forget what happened in the New Kensington game, Washington, Altoona, Charleroi, and Ellwood City games, and keep in mind the fact that South High is coming over here to knock "the cockiness" out of New Castle. That was the way several of the South boys expressed it the other day.

Kid Chocolate To Fight LaBarba In New York Garden

(International News Service)

NEW YORK, Nov. 8.—Kid Chocolate will make the first defense of his newly-acquired featherweight title against Fidel LaBarba in Madson Square Garden on the night of December 16.

This meeting will be the third between the boys, the Keed getting one duke, Fidel the other.

LaBarba has been campaigning in Honolulu for several months and is at his best right now. He is embarking on his second quest for a title, once having owned the flyweight tiara. Chocolate is the recognized champion of the world in the featherweight division—at least in this country.

Football Briefs

(International News Service)

ANNAPOLIS, Nov. 8. — Navy plunged into intensive drill today for its game Saturday in Baltimore against Maryland. Ben Walkup, regular halfback, has recovered from injuries and will play this week-end.

SYRACUSE, N. Y. Nov. 8.—There will be seven, possibly eight sophomores in the Syracuse eleven which battles Colgate on Saturday, Coach Vin Hanson said today. Colgate is a three to one favorite.

NEW YORK, Nov. 8.—Columbia's hopes for a victory over unbeaten Brown on Saturday were raised today with definite announcement Cliff Montgomery, ace quarterback, is recovering from an akle injury and will be ready this week.

PROVIDENCE, Nov. 8.—A dummy scrimmage was scheduled for Brown today, rain washing out drilling yesterday. Several of the regulars were badly bruised in the Holy Cross contest but all will be available against Columbia on Saturday.

ITHACA, N. Y., Nov. 8.—Two positions were in doubt today as Gil Dobie's Cornell eleven prepared for Dartmouth. Grant and Switzer are fighting for a backfield berth and Shaub and Borland for the left guard position.

PHILADELPHIA, Nov. 8.—Carl Perina, ace fullback of Penn's football eleven, is in poor shape and may not start against Ohio State on Saturday, it was learned today. Perina was bothered last week with a bruised side and he received considerable bumping in the Pitt game.

Union Prepares For Bessemer

Coach Dave Boyd Drives Union Team Hard This Week For Important Game

Union high school football team is being shown very little mercy this week by Coach Dave Boyd, as they prepare for their annual battle with the powerful Bessemer high team this Saturday at Bessemer. The Union team will enter the game as the underdogs.

After that 7 to 6 loss at Shenango high last Friday the Union team is seeing red and they intend to mop up on Bessemer this year. Coach Boyd may switch his line-up somewhat for this game.

There is no over-confidence in the Union camp as they get ready for the Bessemer tilt. Union can make up for a lot of these tough luck defeats this year by beating Bessemer and the players know just what is ahead of them.

The Union team came out of the Shenango battle in good shape physically. Phillips at fullback looked good against Shenango and Coach Boyd is giving him a lot of attention this week. Endrees at left end played a fine game against Shenango and is being counted upon this week. Captain Sniezek will be in the line, which insures Coach Boyd a lot of strength around the left guard area.

General Secretary R. L. Meermans announced the conference after he had been notified by letter to attend. Meermans directs the employment distribution locally.

No definite information as to the new plan was learned, but it was understood that "radical changes" are contemplated.

Johnston Will Make Effort To Land Max Baer

Jimmy Johnston Desirous Of Annexing Baer To String Of Fighters

PLANS CAMPAIGN FOR HIGH CROWN

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Nov. 8.—James J. Johnson, jobber and piece-worker on second hand- ready-to-wear prize fighters, vouchsafed the statement today that he was leaving for California in less than a week in order that he might personally inform Max Baer that he was being stolen and to learn when the fighter will find it convenient to have this done, Mr. Johnston plans to discard the Warner system in this case and use the direct approach. He'll ply the man with fair words, he'll draw a picture of a pitiful Sharkey, too elderly and doddering to remember his way to the rena; he'll tell the fighter the heavyweight championship is his for the asking. Anyhow, that's approximately what he'll offer Baer. What he'll probably give him is his undivided attention.

To Make Trip.

I mean to say that the national constitution may have its weaknesses but it's very clear on one point. It says that one need not believe Mr. Johnston and, incidentally, that goes for his announced trip to California.

However, supposing that he takes (A) the trip and (B) Baer and the Sharkey fight can be made, the event will be conducted with Mr. Johnston maving more than a nominal interest in what may transpire. Officially, he'll be the promoter. Actually, he'll be the matchmaker. Off the records, according to Joe Jacobs, he will have a 10 per cent piece of Sharkey. On the records, via Charles A. Johnston, front man and brother, the roles being listed in the order of their importance, he'll have no less than 20 per cent of Baer.

I really can't imagine how it happened. In fact, I'm inclined to discredit it. But he seems to have overlooked the soft drink concession.

Ross Fields To Battle Filipino

Bantamweights Matched For 10 Round Bout Here November 18

TOUKONEN MEETS AKRON BOY AGAIN

Ross Fields, Cleveland and Pancho Linda, Filipino bantamweight have been matched for a 10-round setto November 18 at the bowl and in the semi-final Marty Toukonen of Jefferson county, O., will battle Young Terry of Akron, at 130 pounds, in a return six round bout.

Fields has fought 47 times. He has turned in 19 knockouts and won 24 decisions, lost three bouts on points and appeared in one no-decision scrap. One of the three battles he lost to Babe Triscaro.

Fans who witnessed the scrap claim that the worst Fields should have received was a draw. Since the initial scrap efforts to remate them have failed. Toronto, Ont., promoters have had equal difficulty in securing an opponent for Fields.

Says Linda Is Good

Hugh Shannon, former sports scribe of Buffalo, is the pilot of the Filipino. It will be recalled that Shannon managed Frisco Grande when the Tall Grass flyweight was going good. He reports that Linda is the type of a fighter that New Castle fans like.

When the last bout was held the decision given Toukonen over Terry did not prove popular with many of the fans and they bellowed their disapproval. As it was a good scrap and the fans disagreed on the decision they have been remated.

It is reported that Merleg Gibson, known locally as "Pop Eye" will meet Mickey Hazuta, the Farrell middleweight in one of the remaining three bouts. Pee Wee Carney, 128 and Johnny Banko, 133, will likely have a role in the other two scraps.

Titans Face Muskingum Saturday At New Concord

(Special To The News)

NEW WILMINGTON, Pa., Nov. 8.—With a record of four victories and four defeats for the season to date, Coach John Lawther's Westminster College football team journeys to New Concord, O., on Saturday to face the strong Muskingum College team.

This contest, between sister colleges of the United Presbyterian denomination, marks the renewal of grid relations after 30 years. The last time the two schools played was in 1902 when two contests were played at New Concord, both ending in scoreless ties.

Lawther will have all his men available but Mauno Siljander for the contest. In all probability a squad of 25 players will make the trip, leaving here Friday at noon and spending Friday night at Cambridge, O.

The Titans will feature the annual alumni homecoming of the Muskies, with the inauguration of Dr. Robert N. Montgomery as president taking place Friday. As a result, a large crowd will be on hand for the contest. Many Westminster students and alumni plan to attend the game, and the Westminster band may also make the trip.

Cromwell Ketterer, Rochester, and Robert Arrowsmith, Erie, will probably alternate at left halfback. Ray Sweeney, Youngstown, O., will again be at quarter. Bill Staples, Butler, and Robert Scarbrough, McDonald, O., will be at fullback and right halfback.

The Titan line, with Rehfus, Dishong, Franklin, Hollander, Rose, Leyshock, and Hunneke, will have Merrill Straw, East McKeesport; William Turner, Cambridge Springs; John Brown, East McKeesport; Harold Burry, New Castle; Richard Lubuono, Butler; and James Bloker, Sandusky, O., for strong replacements.

In the eight games this season, the Lawthermen have scored 65 points to 63 for opponents. Two Tri-State Conference games have been won, and one lost. Westminster plays its final conference game against Geneva at Beaver Falls on November 19.

Motorists To Go Around Mountain

New Road Being Completed Will Cut Distance On Lewistown Road

(International News Service)

STATE COLLEGE, Pa., Nov. 8.—Gradually ironing out kinks in trails that meet at the "cross roads of the state," contractors for three new sections of highway leading to State College report that two of them will be open for traffic this year. Difficulties in preparing roadbed arcross the mountain to Port Matilda will delay completion of that section until next spring, the contractor said.

One stretch of new road, from State College to Potters Mill, is rapidly approaching completion and with favorable weather the contractor expects to start pouring the last of the concrete within a week. This road, nearly 14 miles long, will eliminate one mountain in the 36-mile road to Lewistown and also reduce the distance by eight miles.

The other new road which is expected to be completed before winter sets in will open a new direct route from the center of the state to Washington, D. C., by way of Huntingdon and McConnellsburg. The new road crosses the mountains from Pine Grove Mills to McAlvey's Fort where it joins a new road to Huntingdon, the two reducing the distance from State College to McConnellsburg by five miles.

WILLIAMS CANCEL GAME

Williams A. C. football team and the Youngstown Hi Vis have cancelled their grid game carded for Wednesday at Youngstown until a late date.

Union Gridders Will Be Feted

December 15 Is Date Chosen For Banquet At Meeting Of Union Township A. A.

At a meeting held in the Union township high school last evening, the date of December 15 was chosen for the annual football banquet in honor of the Union township high school grid team.

There was a large attendance of the members of the association and Union high sports followers at the meeting, which was presided over by Ed King, president.

A menu committee consisting of R. R. Peden, chairman; W. C. McGrew, H. L. Mayberry and Messrs. Stockman and Henderson was named by President King to take charge of the dinner.

Another meeting will be held on Tuesday, November 15, in the high school, when all members of the Athletic association and alumni or friends of the team are asked to attend.

Here And There In Sports' Land

Pittsburgh writers are pointing out that the hard fight Penn gave the Panthers last Saturday will have a good effect on the Pitt eleven. They believe that had the Panthers score an easy victory it might have bred over-confidence with disastrous results in the Nebraska game. The Cornhuskers may not have their greatest team this season but they are always tough and big and on their home field particularly troublesome.

Pennsylvania Game News has an item as to how a pheasant should be prepared. As some of the hunters are out for that particular species of game the item may prove interesting. It follows: "Scald and pick, cut up and put in a frying pan with a little water and a little grease, and allow to simmer slowly till grease and water are taken up. Then roll in flour, add a little more grease (according to your liking) and fry until brown."

Southern California's football eleven, if called upon to defend its undefeated record in the intersectional classic in Rose bowl, Pasadena, New Year's day, will draw its challenge from one of three eastern teams, Brown, Colgate or Pitt. Two of the three, Brown and Colgate meet at Province on Turkey day which will eliminate one of the two unbeaten teams. Pitt, conqueror of Notre Dame, the Army and Penn is said to be anxious for another trip to the Rose bowl, especially as there is a chance to square accounts with Southern California who won 47 to 14 in 1930. Four years ago Pitt lost to Stanford by a point. Pitt has won all games this season excepting with Ohio State which was a scoreless tie. Pitt has yet to play Nebraska, Carnegie and Stanford.

Football fans the country over are paying a lot of attention to Brown, coached by Tuss McLaughry. Brown's team is now compared to the "Iron men of 1926." In that year Tuss had few substitutes. Things are different this season. Brown has chalked up six consecutive victories, two of which were over Yale and Harvard. Seventy four points have been amassed. Their offense is tricky and consistent, eastern reports state and in five plays against Harvard made 80 yards and a touchdown, when Brown won 14-0. Bob Chase, Joe Buonanno and Bill Gilbane are in the backfield and as yet no line has been found that has been able to stop them for an entire game. Reports say there is nothing Chase cannot do on a football field and he beat Yale almost singlehanded.

L. C. Ruch has resigned as president of the Philadelphia club of the National league and been succeeded by G. P. Nugent, who has been business manager. Ruch, 71 years old, resigned account of ill health.

The impression reigns in National League circles that the Chicago Cubs would like to acquire the services of Babe Herman or Chick Hafey in exchange for one of the Cubs hurlers, possibly Pat Malone. The Cincinnati club is reported hard pressed for cash and a cash consideration may be preferable for both parties. According to a Cincinnati report the price desired for Herman is $50,000. Cincinnati has no manager at present. Donie Bush is reported to have said recently that if he became the Reds manager he would welcome the acquisition of Pat Malone.

Informed there would be no revision of the personnel of Section 10, W. P. I. A. L., the Uniontown high school officials have officially withdrew from basketball participation and will calendar non-league contests. Uniontown has always been a sectional contender in basket ball and several times has won the highest honors of the league. In 1925, Union not only won the league title but the state scholastic honors and went far into the national competition. The Union school objected to be thrown in competion with teams they claimed would not draw at the box office. They voiced the protest to the chairman of the W. P. I. A. L. schedule committee but was informed the docket could not be revised, hence their withdrawal.

William Greenwood of Pittsburgh, last night won his first match in the eastern sectional three-cushion billiard tournament, the winner of which will qualify for the world's championship at Chicago next month. He beat James Beecher, Buffalo, 50-25 in 62 innings. His high run was six. Beecher's was three.

Canadian Bike Racers Leading

(International News Service)

CHICAGO, Nov. 8. — Although deadlocked with two other teams in the mileage standings, the Canadian combination of Jules Audy and "Torchy" Peden were in technical leadership on the basis of points early today in the six-day bicycle race at Chicago stadium.

Throughout most of a feverish night, replete with spills and daredevil antics, six teams were in a tie, but a furious jam during the 2 a. m. sprints resulted in reducing the deadlocked teams to three.

Sharing the leadership with the Audy-Peden duo were the teams of Linari-Severgnini and Binda-Hill.

"Grandma" 84, Is Planning Another Trip To Belgium

Worked In Coal Mines With Pick And Shovel When She Was 10 Years Old

(International News Service)

CHARLEROI, Pa., Nov. 8.—Mrs. Nelly Matheys, "Grandma" to her neighbors in the quiet little hamlet of Turtle Creek, has become a commuter at the age of 84.

Train rides to the nearest large city hold no interest for her. A trip to Charleroi, Belgium, where she visited relatives, is her most recent achievement. "Grandma" Matheys also has relatives in this city so now the woman, who actually is a great-grandmother, is regarded by her friends and acquaintances as the Charleroi, Pa.,-to-Charleroi, Belgium, globe-trotter.

Mrs. Matheys came to America at the age of 30 from Belgium, where she dug in coal mines with pick and shovel when only 10 years of age. Two years ago, she made her first trip to the scenes of her childhood. This year, she returned again, and hopes to make an annual visit in the future. Of course, she frequently travels to Charleroi, Pa., but there is nothing as interesting as a trip that links the international communities.

Legally, "Grandma" Matheys has become renowned in recent years in the tri-state area. Her knowledge of English and French, as well as Belgium dialects, has resulted in her becoming an interpreter at court trials. Frequently, she goes to Pittsburgh to assist an old friend caught in the jaws of justice.

WARDEN NOTICES DECLINE IN DRUNKS

(International News Service)

BALTIMORE, Nov. 8.—The number of "drunks" committed to jail has fallen off sharply.

"They don't get as far as jail now," remarked Warden Harry C. Martin. "I suppose they pass out and die before we can get them.

"The drunks we get now are the lowest type of men and women and there is no use trying to do anything with them. They have the raw alcohol habit and they are beyond rehabilitation."

"Before prohibition," he said, "the drunks sent to jail drank good whiskey and could be rehabilitated."

Ten Counties In State Only Equal Lawrence In Births

Three Counties Show Births Of Under 100 In Entire Year Of 1931

HARRISBURGH, Nov. 8.— To Cameron county, with a population of slightly more than 5,300 goes the record of having the lowest number of births of any county in the state in 1931, according to the latest statistics released by the State Department of Health. Only 77 babies were born in that county during the entire year.

Closely following is Pike county with 86 births, and Sullivan county with 95. These are the only three counties in the state whose births for 1931 fall below the one hundred mark. However, Forest county reported only 111, which puts it in the same group. Only 369 infants were born in these four counties in a year.

The next in line in the matter of low total births are: Fulton county with 238; Wyoming county with 247; Union county with 287; Potter county with 305 and Juiata county with 314. Perry county is next on the list with 383.

These ten counties showed only 2,143 births for the year, or only a slight difference between the totals of the single county of Lawrence or Northumberland. Aside from Philadelphia and Allegheny with their large cities, the greatest number of births were reported from Luzerne county, with over 9,000.

Exonerate Driver In Girl's Death

Coroner's Jury Probes Accident On Ellwood City Bridge

INVESTIGATION HELD LAST NIGHT

ELLWOOD CITY, Nov. 8.—J. W. Bucher, of Beaver Falls, driver of the truck that caused the death of Miss Martha A. Rettig, of New Castle, and injury to Mrs. Florence Tate of this city on Fifth street bridge, early Nov. 1, was exonerated for the accident in a verdict handed down by a coroner's jury at an inquest held in the city hall last night.

The jury composed of C. C. Davidson, J. F. Minteer, D. H. Rock, E. B. Baker, H. W. Brown and C. C. Hall, after giving the time, place and cause of death, went on further to say, "in our opinion the truck operator was not responsible for the accident."

In the inquest Attorneys J. Elder Bryan and Henry Akens of New Castle represented the Rettig family. F. T. Leone of Pittsburgh, represented Bucher, the truck driver, and A. C. Stone, owner, who had leased the truck to the P. H. Butler Company and was hauling groceries to New Castle, at the time of the accident.

Coronor Orville Potter first took the testimony of the best three possible witnesses, William O. Dunham of this city and Ralph Picarro and Arnold Thomas of New Castle. At the time of the accident Dunham was just starting to go across the bridge from south to north. Picarro was in the truck and Thomas and the driver were outside near the truck, according to the testimony of the three. All witnesses called stated that it was raining fairly hard before and after the accident.

The principal event of the inquest seemed to be to definitely establish whether the truck had any signal lights at the time of the crash. Dunham stated that he did not notice any until after the crash, because he had no reason to do so. He observed two red lights on top of the truck following the crash. Picarro and Thomas who were hitch hiking a ride to New Castle stated that they were endeavoring to aid Bucher to start the truck by pushing it from behind and had also observed the two red lights before the accident.

Officers Chester Young, Frank McDermott and Edwin Clark, local policemen who were called to the scene of the crash, testified that the red lights were on, with the exception of Young. The latter stated that he was in such a hurry to get first aid to the injured that he failed to take any particular notice of the scene. But McDermott and Clark both stated that they had been on a call about an hour and a half previous to the accident in the Fourth ward and had observed the lights when passing the truck.

Dunham told how he had heard the crash and immediately ran over to render assistance. Being unable to extricate Miss Rettig from the wrecked machine alone, he called for help to which there was instant response from Picarro, Thomas and Bucher. He left these three in charge and ran for the ambulance. In the meantime these three extricated the bodies. Mrs. Florence E. Tate the other occupant of the machine was placed in the cab of the truck and Miss Rettig on the running board. Both were a little later taken to the hospital in an ambulance.

Dr. B. M. Lawther who attended the two women at the hospital, in his testimony believed that death had been caused by a broken neck or a fractured skull. He could not establish either definitely since no X-ray had been taken. He was inclined to believe that death was caused from the former reason since the head was more wobbly than is customary.

Mrs. Tate was unable to add much to the information already had. The last she remembered was when the car had just started to cross the bridge, and when she woke up at the hospital. She stated that Miss Rettig was driving at a rate of 20 miles per hour and was pleased with her manner of driving.

Bucher's testimony was mostly a corroboration of what had already been said by the first three witnesses with the exception that he believed that the Rettig car was not being driven in a careful manner considering the conditions. He estimated her speed at 35 miles per hour. He stated that his truck had stalled on the bridge because of wet distributor wires caused by the hard rain. He was endeavoring to dry them when the crash occurred.

Following his testimony the jury filed out and was not long in handing out a verdict, as stated.

CHICKEN THIEVES MAKE RAID

Last week chicken thieves made a raid on Clark Aults chicken coop, leaving one chicken for him. At the Wilkinson farm they kept a cross dog in the chicken coop, when the thieves visited there, they opened the door and let the dog out, made their round and left.

Raymond Leight, and Jno. Vance's chicken coops were also relieved of their fine lot of chickens.

On Saturday morning at 5 o'clock the chicken thieves walked out of Miss Jane McKims yard with all they could carry. The gate watchman at the Pennsylvania crossing here, was coming from Clinton to his work just as they came out, jumped in their car and stepped on the gas. He said they carried no license plates, but he feared they might shoot had he stopped to raise an alarm.

BREWERIES RECALL HISTORIC BEER FLOOD

In the deluge which resulted eight people were drowned, scores injured, the immediate district was submerged, buildings collapsed, and in the orgy of drunkenness which followed 12 people died of suffocation.

The huge vat has been described in the Ingoldsby Legends. It was 22 feet high, and had 22 hoops, seven of which weighed nearly a ton each.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Here it is, folks, a spang up election day, all ready for the using, with a little rain hinted, and aside from that a day that anybody can stand. Not too cold, not too warm, not too this, not too that. Just a good day for it, providing it stays dry.

From the sunny slopes of California to the rockbound coast of Maine (not original with this colyum) the folks will be pouring out today to let X mark the spot where the voting is found, and look out you don't mark any for President Wintergreen or Senator Throttlebottom.

Election days are different than they used to be. Time was when a voting precinct was just as apt as not to be in a livery stable and the atmosphere around the precinct was a combination of live horse and White Horse, if you recognize the label.

Then along came the 19th amendment and the women demanded decent places in which to vote, which was just dandy with some of the rest of us. Today when you go into a voting precinct it may be dolled up like the living room in your home and the election board will like as not have a box of candy on the table.

Down in the old fifth ward, a man was usually stationed near the poll with a large overcoat on, and in the overcoat a generous supply of half pints. One vote, one-half pint, and a big vote was usually turned out.

That's all changed, or nearly so. Today you're lucky if somebody gives you a good morning as you go into the polls and as for anyone offering you a drink or a cigar, it just isn't done.

May we suggest that there isn't much use calling The News tonight before 9 or 10 o'clock for returns. It takes time to get votes counted and telephoned in and while we're always glad to hear your voice, there won't be much information we can give you up until that time.

That of course doesn't go for the ladies of the seventh ward who are on the board. They always get part of their returns in before 7:30 and tonight will probably be no exception.

You are invited to come down into Mercer street tonight and get the returns . The News had made ample provision to handle the election, and the seats won't cost you a dime. There won't be any seats, of course, but the standing room in Mercer street is of the very best.

Best Remedy for Cough Is Easily Mixed at Home

Saves $2. So Easy! No Cooking!

You'll never know how quickly a stubborn cough can be conquered, until you try this famous recipe. It is used in more homes than any other cough remedy, because it gives more prompt, positive relief. It's no trouble at all to mix and costs but a trifle.

Into a pint bottle, pour 2½ ounces of Pinex; then add granulated sugar syrup to make a full pint. Syrup is easily made with 2 cups of sugar and one cup of water, stirred a few moments until dissolved. No cooking needed. This saves two-thirds of the money usually spent for cough medicine, and gives you a purer, better remedy. It never spoils, and tastes fine.

Instantly you feel its penetrating effect. It loosens the germ-laden phlegm, clears the air passages, and soothes and heals the inflamed membranes. This three-fold action explains why it brings such quick relief in severe coughs.

Pinex is a highly concentrated compound of Norway Pine, used for generations for its healing effect on throat membranes. It is guaranteed to give prompt relief or money refunded.

DEMOCRATIC CANDIDATE ELECTED BY HUGE MAJORITY

Large Democratic Lead In Congress Opening March 4

Party Will Control Both House And Senate By Big Margin

Pennsylvania Will Send 11 Democrats To 73rd Congress

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

NEW YORK, Nov. 9.—The 73rd Congress, entering upon its duties next March 4, will be Democratic by precedent smashing majorities in both house and Senate.

The Democrats appear to have captured the senate with a majority of 24 votes, the greatest in the history of that party. They also won control of the new house by a majority of from 80 to 165 votes—a domination that may even exceed the history-making margin of 163 votes they held in the 63rd Congress, following the three-party debacle of 1912.

Leaders Defeated

A score of great Republican characters passed from the political stage as the Democrats swept the congressional elections on top of the Roosevelt landslide.

The new senate probably will line up with 59 Democrats, 36 Republicans and 1 Farmer-Laborite—a margin of 24 votes with the aid of the Farmer-Laborite (Shipstead) who supported Roosevelt. The new house will have from 280 to 305 Democrats—a majority of from 125 to 165. At 6 a. m. they had won 256 seats as against but 81 Republican seats, with 98 contests still in doubt or unreported.

Some of the Republican party's greatest leaders went to defeat. Senator Reed Smoot, with 30 years in the senate and chairman of its great finance committee, was beaten by a young college professor in Utah. Senator James E. Watson, Republican leader and veteran of

PA NEWC OBSERVES

As one walks along they hear some funny things in snatches of conversation. Pa Newc overhears someone yesterday telling about a "reclining" wall that was placed along the hill on North Mercer street.

Some person, who appears to think they are gaining something by annoying others, has on several occasions recently removed the fuses from the box, through which the current for the city council chamber is secured. The result has been to embarrass those planning several recent meetings, including a recent Republican meeting.

One North Hill man who bought a News extra this morning, told the paper boy to keep the change, as he might need it badly during the next four years.

Motorists are urged to use more than ordinary caution in driving through city streets at this period of the year by Walter E. Matthews, Director of the Division of Safety of the Department of Revenue. All football is not being played in stadia and fields, he warns. Youngsters playing in the street are oftentimes more intent on snaring a forward pass than they are of approaching autos. This is a case where the motorist must think of the youthful players.

There was one house divided in this election, Pa Newc learned in answering the phone last night. When informed that a Democratic landslide was in progress, the man

Dr. Swick Wins In Close Battle

Loses In Beaver County But Butler And Lawrence Elect Him

BATCHELOR WINS FOR STATE SENATE

Due to the majorities given him in Lawrence and Butler counties Congressman J. Howard Swick was returned a winner on Tuesday. In 270 precincts in Lawrence, Butler and Beaver counties out of a total of 276, Dr. Swick received 43,679 votes as against 38,366 for his Democratic opponent, Sam B. Wilson.

Lawrence county's total for Dr. Swick with all precincts of the 91 reported give him 13,090, and Wilson 9828. Dr. Swick carried both the city of New Castle and the county of Lawrence as a whole.

Loses Beaver County.

With 97 out of 100 precincts reported in Beaver county, Dr. Swick has a total of 19.169 votes as against 20,427 for Sam B. Wilson. The total majority for Wilson in Beaver county is expected to be about 1400.

Butler county with 82 precincts out of 85 reported, shows Swick receiving 11,420, and Wilson 8111. The majority of Swick over Wilson in the 26th district will run between 5500 and 6000.

Roosevelt Takes Indiana By Vote Of Near 200,000

Almost Entire Democratic Ticket Is Swept Into Office In Indiana

(International News Service)

COLUMBUS, O., Nov. 9.—The Democrats stood triumphant today in Ohio—the state which has mothered a half-dozen Republican presidents.

Astride a virtual landslide of votes that contributed magnificently to the presidential victory of Franklin D. Roosevelt and apparently strengthened the Democratic congressional lineup from Ohio, Governor George White and U. S. Senator Robert J. Bulkley were swept back into office.

100,000 Lead

Governor Roosevelt it was believed, would hold about a 100,000 vote lead over President Hoover in the final count.

Governor White was re-elected over David S. Ingalls, wealthy young aviation ace nominated by the Republicans, by a majority expected to total far more than 100,000. Bulkley came out of his his rough and tumble clash with Attorney General Gilbert Bettman, Republican nominee with a lead that soared to approximately 95,000 votes when about half of the state's precincts were tabulated.

Lawrence Co. Gives Hoover Good Majority

President Gets 13,038 To 9,402 Votes Cast For Roosevelt

RUPP CARRIES COUNTY BY 88

Fithian Polls 5439 Votes In County In Race For U. S. Senator

Sharply curtailed by the Democratic landslide which swept the nation on Tuesday, Lawrence County nevertheless stayed definitely in the Republican column insofar as the presidency was concerned. With every precinct of the 91 reported, the total vote for presidency in this county is Herbert Hoover 13,038, Franklin D. Roosevelt 9402, Norman Thomas 1034 and William Upshaw, 293.

The significance of the Democratic sweep through the county is seen in the fact that in 1928 Hoover carried the county over Alfred E. Smith by a vote of 3 to 1. Tuesday was another day and the inroads of the Democratic party reached into precincts that normally are almost solidly Republican.

Rupp Carries County

In the contest for the United States Senate, Lawrence H. Rupp, Democratic candidate carried the county, due to the large number of votes polled by the Prohibition candidate, Edwin J. Fithian. Senator James J. Davis, the Republican incumbent received 8409 votes in the county and Rupp received 8497, a scant lead but a lead nevertheless. William J. Van Essen, Socialistic candidate received 979 votes and Edwin J. Fithian 5439.

Both Dr. J. Howard Swick, Republican candidate for congress and A. S. Batchelor, Republican candidate for the State Senate carried the county. In the case of Dr. Swick Lawrence County was a large factor in saving his seat, his own county of Beaver turning against him. Batchelor carried both counties. Totals of these two offices can be found in other columns of today's paper.

There was no danger to the candidates for state wide office in Lawrence county, although their vote are none of them up to the usual Republican margin of victory here. Charles A. Waters carried the county for state treasurer, Frank E. Baldwin for Auditor-General, Judge William B. Linn for Supreme Court. For the Superior Court, William M. Parker, Arthur H. James and Joseph Stadtfeld, received comfortable majorities.

Hoover Called "Tiredest Man"

President Hoover Plans For Rest From Strenuous Campaign Tours

MAY STAY IN CALIFORNIA

By GEORGE E. DURNO
International News Service Staff Correspondent

PALO ALTO, Cal., Nov. 9—"The tiredest man in America" submerged under the greatest avalanche of votes an aroused electorate has ever produced, pulled the loose ends together today and prepared to carry on until March 4.

"In the common purpose of all of us, I shall dedicate myself to every possible helpful effort," President Hoover had wired Franklin Roosevelt in congratulating the New York governor on his landslide victory.

Needs Rest

It was one of President Hoover's closest friends who designated him as the "tiredest man in America." The appellation fitted from all surface appearances.

The president's immediate plans were rather indefinite. He had told newspaper men accompanying him across the continent while still enrounte that he would like to spend a week here in Palo Alto and "catch up on a little sleep."

At least two of his advisors were urging on him a return to Washington by way of the Panama Canal.

In other quarters, it was suggested the president might cut his stay here short and return to Washington with 36 hours.

Pennsylvania Sticks With Republicans In Defying Of Landslide

President-Elect Roosevelt Unable To Crack State's Stolid Republicanism

Several Congressmen And Assemblymen Go Down To Defeat With Hoover

By LEO V. DOLAN
International News Service Staff Correspondent

PHILADELPHIA, Nov. 9.—With a national Democratic tidal wave sweeping to its borders from every point of the compass, Pennsylvania today demonstrated its deep-seated loyalty to the Republican party by giving President Herbert Hoover a commanding majority over Governor Franklin D. Roosevelt, who has won through to the presidency.

Early today the President was leading his opponent in Pennsylvania by 158,000 votes, with less than one-fourth of the state's precincts missing. Senator James J. Davis was running far ahead of Lawrence Rupp, Allentown Democrat, and held a comfortable lead of about 182,529 votes.

This tabulation included all but a few districts in Allegheny county, which rolled up a Democratic drift for Roosevelt and Rupp.

The President likewise carried the state-wide ticket to victory, but faied to save several congressional seats which were wrested from Republican incumbents, among them

Senate Majority Rests With Vote For Colorado Men

Should Democrat Win In U. S. Senate Fight In Colorado, Party Will Have Power

(International News Service)

NEW YORK, Nov. 9.—The political aspect of the senate during the dying days of the Hoover administration rested today upon the outcome of the short senate race in Colorado.

If Walter Walker (D) can defeat Karl Schuyler (R) for the short term in that state, the senate will go Democratic in December by a margin of two votes. If Schuyler wins, the senate will be technically deadlocked at 48-48, as long as Shipstead (F-L) votes with the Republicans. In the latter event, Vice President Curtis could break the tie in favor of the Republicans.

President-Elect To Issue Formal Statement During Afternoon

CONGRATULATIONS ARE SHOWERED

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, Nov. 9.—Franklin D. Roosevelt, in the seclusion of his home in East 65th street, today awaited more complete returns from the national election before formally announcing his reaction to the Democratic landslide which swept him into office as the thirty-second President of the United States.

The President-elect, a tired but happy man—a man who suddenly seemed to realize the heavy responsibility which the American electorate had imposed upon him—went to bed shortly before 3 o'clock this morning without making any formal statement on his smashing victory.

Even the knowledge that President Hoover had conceded defeat and had dispatched a telegram of congratulation from Palo Alto, Cal., failed to deter him from his de-

Charles Curtis Is Surprised By Tremendous Vote

Vice-President Stunned By Roosevelt Landslide That Sweeps Nation

(International News Service)

CHICAGO, Nov. 9.—Vice President Charles Curtis was bewildered by the overwhelming Democratic landslide, he admitted today as he passed through Chicago enroute to Washington.

"The vote was a tremendous surprise to me," the Republican candidate for re-election to the vice presidency said. "I was confident we would win. Every indication that has meant anything in past campaigns seemed to point to victory.

"I based my belief on the enthusiastic meetings I encountered everywhere, larger crowds than four years ago, and the usual signs of Republican solidarity."

Women Also Lose Congress Seats

"Feminine Bloc" In Next Congress Is Cut From Eight To Three

ONLY ONE WOMAN SENATOR REMAINS

(International News Service)

NEW YORK, Nov. 9—Voters of the Nation dealt a heavy blow to women aspirants for seats in Congress.

On the basis of returns early today the "feminine bloc" in the House of Representatives has been cut from eight to three, while Mrs. Hattie Caraway (D) of Arkansas, only woman senator, will continue alone in that body.

Three veteran women members of the house apparently had weathered the determination of voters to oust the "ins." They were Mrs. Florence Kahn (R) of California, Mrs. Edith Nourse Rogers (R) of Massachusetts and Mrs. Mary T. Norton (D) of New Jersey.

Mrs. Ruth Baker Pratt (R) of New York, wealthiest woman in Congress, went down to defeat in the 'silk stocking' district of New York.

Reports from Kansas showed that Kathryn O'Laughlin was making a strong bid for a seat in the house, while Florence E. Allen, noted Ohio jurist, apparently had failed to take the place of Rep. Bolton (R) of Ohio.

Miss Clara Harrigal was backed for the Senate in South Carolina by the drys and Republicans, but she failed to stem the traditional Democratic tide in that state.

Norman Thomas, Socialist, Gets 1,850,000 Votes

(International News Service)

NEW YORK, Nov. 9.—The unprecedented total of 1,850,000 votes apparently was rolled up throughout the country for the Socialist candidate for president, Norman Thomas, incomplete returns indicated today.

At the party's headquarters, Socialist leaders claimed it would even reach 2,000,000.

"We emerge from this campaign with enhanced political standing and prestige," Morris Hillquit, Socialist candidate for mayor of New York, declared.

Depression Is Blamed For Unprecedented Result Of National Election

International News Service Staff Correspondent
By GEORGE R. HOLMES
International News Service Staff Correspondent

NEW YORK, Nov. 9.—A political revolution of cyclonic proportions engulfed the nation today, carrying Franklin D. Roosevelt into the presidency by an unprecedented vote, and simultaneously sending Herbert Hoover down to possibly the greatest defeat any major candidate for President has ever experienced.

Only six states, all in the East, remained steadfast to their Republican moorings—Maine, Vermont, Connecticut, New Hampshire, Pennsylvania, and Delaware. They have a total electoral vote of 59. This would make Gov. Roosevelt's electoral vote 472, which surpasses the record-breaking total of 444 compiled by Mr. Hoover in 1928.

Not a state west of the Allegheny mountains is to be found in the Hoover column.

National Leaders Defeated

The Republican debacle encompassed the defeat of scores of Republican senatorial and congressional candidates, and assured that the new congress will be Democratic in both branches. And not by any narrow margins.

Into the abyss of defeat went such Republican institutions as Senator James E. Watson of Indiana, Republican leader of the senate; Senator George H. Moses of New Hampshire, president pro tem of the senate; Senator Reed Smoot of Utah, chairman of the powerful Finance committee, and many others.

Causes Cited

Searching around for the causes of it today, Republican leaders ascribed it to the following:

1. The depression, which directly or indirectly, has affected every home in America.
2. The ruinous prices of such

Wets Ahead In Tuesday Voting

Nation Elects Congress Pledged To Speedily Move To Legalize Beer

RESUBMISSION PLAN FAVORED

By WILLIAM S. NEAL
International News Service Staff Correspondent

NEW YORK, Nov. 9.—The nation today had elected a congress pledged to speedily legalize beer and submit the Eighteenth Amendment to the states for repeal or modification.

The wet avalanche so closely followed the Democratic sweep that the result was a foregone conclusion long before the issue had been settled in all senatorial and congressional elections.

So overwhelming was the victory of Democratic candidates who adhered to the national platform that it is probable that 2.75 per cent beer will be made legal by the "Lame Duck" session of congress which convenes on Dec. 5.

Straight Repeal

The new house chosen in Tuesday's election apparently will vote to submit straight repeal of the 18th Amendment to the states, but it appeared doubtful whether the senate would do so without some specific prohibition against the return of the saloon.

Based upon the election and the present attitude of members, the

McElwee Is Re-Elected

Representative From County District Is Winner At Polls Tuesday

William McElwee, Jr., of New Wilmington, Republican party candidate for re-election to the state legislature, as the representative for re-election to the state legislature, as the representative for Lawrence county outside of New Castle, was re-elected at the polls on Tuesday by a good majority.

He received 6,968 votes, while James Kelso, his Democratic opponent polled 4,841 and J. A. Phillips, Socialist received 385.

With the selection of W. J. Eroe, as New Castle's representative in the legislature, Mr. McElwee will be the only veteran representative from the county in 1933.

Democratic Candidate Wins Seat In Legislature From New Castle

DEFEATS RICHARDS IN STRONG RACE

For the first time in many years, possibly in the history of the county, a Democrat will represent the City of New Castle in the General Assembly, in 1933, William J. Eroe, Jr., winning the post in Tuesday's election. Mr. Eroe defeated Bart Richards the present incumbent by slightly over 1000, the totals for the 34 precincts being, Eroe, 5678; Richards, 4654.

Mr. Eroe ran a surprisingly strong race, carrying most of the wards, the second ward being the one in which Richards showed his strongest vote.

The new assemblyman is a former county auditor and resides with his family at 332 Berger Place.

Ten Persons Are Reported Killed By Cuban Gale

(International News Service)

HAVANA, Nov. 9.—Ten persons were killed and fifty injured in the sea-coast town of Camajuani when the Caribbean hurricane swept over the central portion of Cuba today, according to telephonic advices received here.

When the going's smooth and the way is clear, it's easy enough to make it, but once in a while folks will want to know, I wonder if this guy can take it. He can hand it out and he often has, to others who would compete, now how will he act if the tables turn and he goes down in defeat. So they smack you down in the race you're in, for now then it's the style, and the only logical thing you can do is to take it my friend with a smile. For winning is easy, it's how can you lose, can you take it, my friend and say, just now there's a lot of folks trying it out, it's cool, forty nine today.

VETERANS TO SHARE BUTLER ARMISTICE DAY

Butler Will Be Mecca For Local Vets On Friday

Veterans Of Foreign Wars Will Be Present With Their Drum Corps

TROOP F WILL BE IN PARADE MOUNTED

Butler will be the mecca for local World War veterans on Friday, when the annual tri-county Armistice Day celebration is held in that city. New Castle will be host next year.

Elaborate preparations have been made by the Harry L. McBride Post to take part in the day's activities along with the members of their auxiliary.

Commander A. F. Miller has asked all those intending to go to Butler to meet at the Legion Home on North Jefferson street at 8:30, particularly those who will have room in their machines for a passenger or two.

The bugle and drum corps of the McBride Post will be one of the trained musical organizations in the line of march and will be headed by J. W. Thompson, former local recruiting officer, who is now stationed at Fort Washington. Thompson is back home on furlough at the present time.

Troop F., 103rd cavalry, will take part in the parade with their mounts, which will be ridden over to Butler tomorrow and will be kept at the barracks of Troop D., state police.

The Perry S. Gaston Post, American Legion, will also actively participate in the event, and will be well represented at the big celebration, for which an attractive program has been prepared by the V. F. W. and Legion posts in Butler county.

PA NEWC OBSERVES

(Continued From Page One)

started to express his sorrow, when a joyful female voice behind him, shouted "Hurrah." The man turned on her and told her to keep her mouth shut, in no uncertain terms.

Two little boys were downtown last night wearing weird false-faces. One had a spoon and dishpan and was beating the pan noisily. They seemed to think election night was a gala affair and called for merry making. Since they yelled "We want Hoover and Roosevelt!" it was plain the youngsters didn't believe in taking sides.

Two more days and it will be fourteen years since guns stopped booming and the world was at peace. Every one of us can do our part in commemorating this day by setting one minute in silent tribute to those who gave their lives for their country.

There are a lot of bleary eyed people today due to the fact that those required eight hours of sleep were not gotten last night. When Pa Newc drove about the city at 1:00, he observed that hardly one home was dark at this hour. The election, my friends is the answer.

A danger signal has been set in the middle of the street at the intersection of the North street bridge and North street. It has a yellow base in which is set a red flag. Pa Newc thinks this is a good idea for strangers coming that way do not realize the danger of that corner.

Heard a good one on a fond papa of this city, who has been hunting a nice little dog for his wee boy. Last night, he had the good luck to come in contact with a person, who gave him a nice little puppy. It looked as if the problem was solved, but the family arrived home late at night with the little puppy and it was assigned to specially arranged quarters for the night. Now the father don't know whether he wants the "bow-wow" or not, for the "bow-wow" howled al night and papa got very little sleep between it and the frequent awakening of the wee son with the ever present question, "Daddy, where's Bow-Wow?"

PENNSYLVANIA STICKS WITH DEPUBLICANS IN DEFYING LANDSLIDE

(Continued From Page One)

a few veterans of the Pennsylvania delegation to the lower house.

Cut Philadelphia Lead

The President's victory in Pennsylvania was assured only after a hectic night in which astonishing upsets became commonplace, with hitherto "safe" Republican counties swinging to Roosevelt and former Senator William S. Vare's Philadelphia machine blocked off from its normal 200,000 plurality by internicine strife in the Vare organization. The 200,000 Philadelphia landslide forecast by Vare leaders was reduced to less than 72,000 votes.

Philadelphia cast 237,806 votes for President Hoover and 255,923 for Roosevelt. Senator Davis carried the county over Rupp by less than 70,000 votes.

Vare was blocked at every turn. He definitely lost nine of the city's 48 wards to the Democrats, with a possibility existing that a recount in closely contested wards would increase the defections. Of these, one was his own home ward, the 26th, and four were the so called "gang wards".

Approve Voting Machines

In addition, Philadelphia citizens vetoed the Vare mandate that was expected to doom voting machines installed in the first 22 wards of the city. The vote in favor of retaining the machines was 249,545 and 153,704 for discontinuance.

The amazing feature of the election was the tenacity with which the Hoover following boosted the state-wide plurality throughout the night despite defections from counties scattered in all sections of the state.

Thus the President successfully challenged the Roosevelt assault in the face of a 23,000 Democratic majority in Allegheny county; 4,000 in York and Fayette; 7,000 in Luzerne; 6,000 in Lackawanna; 3,000 in Northampton and Cambria, and lesser margins in Montour, Adams, Columbia, Berks, Erie, Westmoreland, Elk, Fulton, Lehih and Washington.

Widespread disaffection among the electorate because of economic conditions was believed the biggest contributing factor to the smashing vote piled up in Pennsylvania by the Democratic organization. The 1928 plurality of 987,000 was whittled away by Roosevelt to about 158,000 with the Democratic leeaders claiming a complete count would reduce the Republican margin of victory to "about 100,000."

LARGE DEMOCRATIC LEAD IN CONGRESS OPENING MARCH 4

16 senatorial years, lost to a lawyer in Indiana.

In New Hampshire, Senator George W. Moses, famous old leader of the irreconcilables, passed from the stage. In Connecticut, Senator Hiram Bingham, the senate's wet leader, went down to defeat. It was the same story from the Atlantic to the Pacific.

New Pennsylvania Feat

In the house elections, the Republicans fell like wheat before the sickle. Staunch old Republican Pennsylvania sent eleven Democrats in the new house—a feat unprecedented in all the state's history. Missouri and Kentucky sent solid Democratic delegations—also unprecedented.

Rep. Riorella LaGuardia, who survived a thousand political storms in New York's turbulent party battles, fell by the wayside. So did Mrs. Ruth Pratt. Bertrand H. Snell, Republican leader of the house, survived but Carl Bachman, Republican ship, lost in West Virginia. Rep. Fred Britten, great friend of the Navy, was beaten in Illinois.

great basic commodities as wheat, corn and livestock in the West.

3. Prohibition, while not such an acute issue in the West, prohibition was an important factor in the West states of the Eastern seaboard. The Democratic pledge in the platform for outright repeal of the 18th amendment and immediate modification of the Volstead act to legalize beer attracted thousands of votes.

Breaks Existing Records

In any event, Gov. Roosevelt's electoral majority cracks all existing records, and quite probably his popular majority will, too. It was variously estimated that at from 7,500,000 to 10,000,000, as against 6,276,000 for Mr. Hoover in 1928.

The outcome was apparent almost from the time the first New York returns began to be tabulated. Like a snow-ball rolling down hill, the New York trend became country-wide, and state after state fell into line.

On the Far West coast, surrounded by personal friends, President Hoover recognized it so early that it seemed he must have had a premonition of what was in store for him and his party.

While Gov. Roosevelt was still scanning the returns in Democratic headquarters in New York, Mr. Hoover bowed to fate and sent a telegram of congratulation to his successful rival.

The roster of Republican states carried by the Democratic candidates reads like a G. O. P. blue-book—Iowa, Kansas, California, Oregon, Utah, Idaho, Nebraska, Illinois, Indiana, Ohio, Michigan, West Virginia, New Jersey, Colorado, Wyoming, the Dakotas, Wisconsin, Minnesota, Nevada. All were for Hoover four years ago. All were for Roosevelt today.

It is the first time since Franklin Pierce's selection in 1852 that a successful Democratic candidate for the presidency has captured a majority of the popular vote. Tilden did in 1876, but lost out in the electoral college.

It is the fifth time the Democrats have succeeded in electing their man since the Civil war. They elected Cleveland twice and Woodrow Wilson twice, the first time because of the great Republican schism of 1912.

The decisiveness of the Democratic victory was apparent by the pluralities by which they carried various states—New York by 700,000; New Jersey by 150,000; Ohio by some 300,000; Iowa by 150,000; Indiana by 100,000; California by 250,000; Illinois by 300,000; Wisconsin by 250,000; Minnesota by 200,000; Missouri by 200,000.

These figures, save in New York, are largely estimations based upon the ratios of the incomplete vote, but the belief obtained today they will be not far wrong in the final checking.

TO THE WINNER

In the contest for Representative in the General Assembly from the first district of Lawrence county (New Castle), William J. Eroe, Jr., has been returned the winner. I have known Mr. Eroe for many years and consider him a personal friend. I congratulate him upon his victory.

I would be ungrateful indeed if I did not make public acknowledgment to my loyal friends for their support. Their support has been most welcome in victory, it is no less so in defeat.

For myself there are no explanations, and no alibis. The returns speak for themselves and the reasons back of them are wholly unimportant. I wish Mr. Eroe the best of luck.

Miss Edna Jenkins and Mrs. Elizabeth Maxwell were joint hostesses at the home of the latter on Spruce street Tuesday evening when they entertained at a beautifully appointed dinner party as a means of announcing the marriage of Miss Edith Pattison, and Clarence Campbell, which took place on November 20, 1931 at Pittsburgh with the Rev. Morrison officiating.

The table was arranged for fifteen guests, and miniature dolls with the announcement attached marked each place. A large wedding cake surmounted with a tiny bride and groom served as a centerpiece, flanked with two taper candles in silver holders draped with white satin ribbons and valley-lillies. The menu was enjoyed by candle light, and in the center of the room were two large white balls, with numerous streamers attached.

ALL AMERICAN

The Last Word In Football Pictures

GLORIA STUART and RICHARD ARLEN in "The ALL AMERICAN" UNIVERSAL PICTURE

One of the most timely and most interesting motion pictures seen on a local screen for a long time is "The All American," the Universal football drama which is now playing at the Regent Theatre.

Here is a picture which in its field is a veritable classic. It is a fast moving story which not only presents famous gridiron stars in thrilling football games, but tells a dramatic story of a young college man whose head is turned by the adulation of the multitude and how it was turned back again by a brother who had been in the same boat and realizes the terrible danger of a swelled head. This role is played by Richard Arlen—and incidentally, it is the best part of his career. Other important roles are played by Andy Devine, Gloria Stuart, James Gleason, Preston Foster, June Clyde, John Harron and a large number of other popular screen players.

The football atmosphere is of particular interest, and presents many of the country's most famous gridiron stars. The All American team of 1931 plays as a unit, for the first time in the history of such a squad, and there are a score of other outstanding players. Among the football stars in the picture are such famous figures as "Red" Cagle, Marchy Schwartz, Ernie Nevers, Albie Booth, Frank Carideo and Jerry Dalrymple.

Whether you are a football fan or not, you cannot fail to enjoy "The All American." If you are a follower of the game, the picture will fill you with wild-eyed excitement.

A playlet entitled "The Sightseers" was a clever presentation which proved too that much time had been spent on the making of a unique bus, etc. The characters included Mrs. Frank Sheffler, Mrs. W. B. Kilner, Mrs. S. Hensley, Mrs. Clifford Black, Mrs. Charles Nicholson, Mrs. Norman Clark, Mrs. Lawrence Hogue and Mrs. A. H. Mellor.

THE ELECTION RESULT

APPARENTLY Governor Franklin Roosevelt, Democratic candidate for President of the United States and his running mate, John N. Garner, candidate for Vice President, have been elected by an overwhelming majority as a result of the national election of yesterday.

The result was no surprise to those who have been in close touch with the situation throughout the nation, as there appeared to be a widespread spirit of an intensive nature that the election was the day to vote against any and all who were holding office.

President Herbert Hoover was the unfortunate victim of this condition. He was the national target for this spirit, and efforts to stem the tide were futile.

In Lawrence county, a large majority of the voters supported the President and the county gave him a commendable vote. Failure of his re-election will be a disappointment to this large majority.

The voters of the nation wanted "a change," and they voted to get it. Along with the presidency the Democratic party carried the election of a commanding majority of the Senate and House, as well as state officials in many states.

It is well to remember however, that mere change of office holders will not work any miracles. There must be a program that is adequate.

The voters have spoken. This is a government where the majority rules.

The new administration should be accorded full support in all policies that are for the best interest of the country.

We are all Americans!

TAX RECEIPTS GROW

New hope has been taken at the federal treasury where the first improvements in many months have been noted in recent weeks. There is not even a forlorn hope of balancing the budget before the next congress, but the least increase in revenue and decrease in expenditures is a hopeful sign.

Departmental and bureau costs fell off $176,000,000 during the first four months of the current year, assuring a saving of better than half a billion dollars for the entire year. This is not a great saving for the taxpayers with a federal budget of more than four billions, but it helps.

Relief also comes from the opposite direction. The yield of the new miscellaneous taxes, which amounted to only $42,400,000 in July, reached $78,000,000 in October. This monthly yield is still $22,000,000 short of the estimate of the authors of the tax.

The post office department has not yet balanced its budget through the higher postal rates, although it also is in an improved position. Its October deficit of $10,000,000 was only half of that of the preceding October.

Largely responsible for the four months' deficit of $629,800,000 was a drop in excess of $200,000,000 in customs and income tax receipts during the first third of the fiscal year. This condition will be corrected partly during the last half of the fiscal year when the new income levies are expected to bring in millions of new revenue.

Although the picture is brighter in a number of spots it still leaves the shadow of further tax increases unless Washington makes drastic cuts in government costs.

RADIO IN THE CAMPAIGN

Years ago, before the miracle of the radio, the answer to the question "Who ever reads a political speech?" would have been answered, "The other candidate and the editor." Today some radio speeches are heard by millions and read by countless others.

The recent presidential campaign revived the old fascination of oratory. All parties made unprecedented use of the radio and the great mass of voters listened attentively; some only to the spellbinders of their own party, others to all sides. And as a result larger crowds gathered to make political rallies bigger and better, and the newspapers found a greater demand for the full text of these speeches.

What the effect of all this speech-making and listening may be in persuading—or alienating—hearers or in winning votes there is no way of telling. But it cannot be denied that there was a great deal of effective speaking—speaking, that is, which ought to have had a marked effect whether it had it or not.

Radio oratory may never turn an election as some famous stump-speeches have in the past, but it may work a great change in voter reaction to political propaganda. It may prove an entering wedge into those closed minds which heretofore have never admitted the facts and arguments of the other side. Party regularity, based solely on party bias, can be broken if the mind can be opened.

EXTRAVAGANT CAPITALS

Pinched by the depression and piqued by political delays, Australia is beginning to believe that her 30-year dream of a luxurious national capital is, after all, too much of a luxury. There is a rather sad uniformity of opinion, particulary among the more remote districts, that Canberra should be abandoned, the city which already has cost the country some $66,000,000 and is yet scarcely begun.

Canberra was designed to be to Australia what the District of Columbia is to the United States. The idea was conceived as early as 1898. The site was chosen in 1909 and in 1911 plans drawn by Walter Burley Griffin, of Chicago, were adopted. The war delayed until 1920 the laying of the capitol corner stone. Since then a temporary parliament house has been built and a city laid out. But instead of an anticipated population of 80,000, it has only 8,000 residents and less business than empty buildings.

America was more fortunate. Washington grew up with the country. And yet Canberra has a partial parallel in the capital of the United States.

At this moment the country cannot afford the costly buildings under construction and planned along the proposed mall in Washington. Three years ago they would not have been a burden, but today they are not popular with the taxpayers. Moreover, if the cry for less government and a bureaucratic diet ever finds a receptive congress and administration there will be more buildings than jobholders to put in them. Let us not permit our dreams of the most beautiful capital in the world to run away with our traditional Yankee good sense.

One reason why there are few great statesmen is because $50,000-men seldom ask for $3,000-jobs.

AN ARMISTICE THOUGHT

Never an Armistice Day comes that I do not think of him.

He lay so quietly on that brown hall, with his black hair tossed back from his pale forehead and that quiet smile upon his face. . . . And, looking at him there, it seemed such an easy thing to be dead, to have made, so early in his life, an armistice with pain and weariness and agony. So I did not pity him. Nor do I pity him now, that first American boy I had seen dead upon a battlefield.

He lay in the first wood beyond the trenches. He had fallen in the first skirmish that morning at sunrise. Running up the hill, he had met death head-on. A shell had struck him full. There lay his helmet, and there lay his rifle and here with his back and his eyes half closed and that smile of peace—and no agony at all on his features—was a boy who had thought, as all young men do—even we who looked down upon his dead face—that he would live forever.

* * *

He had gone gallantly, swiftly. Beyond an ocean there was a family that did not know, yet, of his death. Even his comrades, who knew him as we didn't, probably were not aware that he had dropped behind them—and gone far ahead. I think we had a vague feeling that we should do something for him, something to honor him feebly. But if we had the impulse we did not express it outwardly. Had there been a scarlet poppy—one of those poppies you used to hear so much about—we might have picked it and gathered his rifle and his helmet and placed them near and put a flower above them.

In an army you do not do small sentimental things nor talk of patriotism or sacrifice. Instead, you pretend that you are "tough and above such gestures. . . So we looked at that dead boy and wished him well of his present adventure and went our way, following the grim trail of shattered trees and broken land.

* * *

But though 15 years are behind me since that day, and though we were to know many weary months before we heard the bells ring, and the drums beat in a muddy village street—and knew the armistice had come at last—I see that quiet lad now, at rest on that brown hill.

It may seem to some a mournful thought for Armistice Day, but I do not find it so. In some strange fashion the memory of that dead boy is a relief and a comfort and almost an exalting thing, and no soldier that I know would lose that picture from his heart.

NO TIME FOR SHIRKING

Do you take advantage of the kindness of the person who is responsible for the work that you do?

Because he is not a brow-beater, do you not impose upon him?

He appeals to your loyalty and you lie down on the job.

This is a poor time to shirk your duty to your firm.

The man who is your immediate boss is held responsible for as large a production as he can get out with as small a force as is possible.

You fell that you are doing more than when you had higher wages and it is probably true.

But you cannot use the standards of yesterday as a safe basis for holding a job today.

Jobs are scarce now and to have a job is the all-important thing.

Employers can't sell the goods they did, at the prices they got then.

So they must get all the help they can at a rate for a little profit, or go out of business entirely.

Whatever reasonable effort is required of you should be accepted by you as your duty, so forget the past and tune yourself to the present.

If you don't someone who will do so will succeed you.

THE BISHOP'S CHAIR

In earlier days when skies were fair
The mother bought a bishop's chair,
A piece of furniture upright
With golden leaves of oak bedight
And carpeted with cushions deep,
On which a bishop well might sleep;
A most pretentious chair which frowns
On happy-hearted fools and clowns
And merry-making youths and waits
For eminence to pass our gates.

It never comes! All entering here
Admire our bishop's chair severe
And praise its leaves and acorns bold,
Hand-carved and touched with glistening gold,
Then promptly turn their backs on it
In happier, humbler chairs to sit,
Even the bishop shakes his head,
And says: "The leather one instead."
None comes with dignity so fat
As to require a chair like that.

Oh, stiff-backed chair with cushions deep
Which for appearances we keep,
The dog which romps at Janet's heels
A most exquisite taste reveals.
Behold her daily sleeping there,
Proud mistress of the Bishop's chair!
Sole occupant of pride and pomp!
When finished is her daily romp,
The Bishop's chair, I'd tell your Grace,
Becomes a terrier's sleeping place.

Earl Carroll has for many years had a show called "Vanities." One of his collection of girls is called the Jackson Girls. There are seventeen of them and they are trained like a machine. They are in charge of a lady named Jackson. These girls are taken under contract for a long period and must agree to abide by certain rules during their retention. They are drilled personally by Mrs. Jackson and live together, eat and sleep together, go to and from the theatre in a body and are not permitted to smoke, liquor or boy friends. They are not held to a diet because their work of dancing is hard and permits the eating of anything. These young ladies surely show the results of their fine training.

Beer And National Taxation Share Stage As Battle Ends

Country Looks Forward To Reassembling Of Congress With Belief That Prohibition Fight Will Be Renewed Along Two Fronts

Renewed conflict between wet and dry forces is expected as congress prepares to reassemble after the close of the presidential campaign. Polls and statements which have been prepared furnish basis for arguments as to the future course of the legislative branch of the national government. There is a dispute as to whether a tax on beer would produce the large income on which some reliance is placed, and as to the prospect of a favorable vote in both houses. Prospects for repeal also are debated.

Declaring that "the dream of the absolute abolition of beverage alcohol, as voiced in the 18th amendment, and the Volstead act, is now definitely on the way out," the ROANOKE WORLD-NEWS suggests that "an era of legalized beer, while continuing the prohibition of spirits, might in itself be an experiment worth the making," but that paper adds: "How far it would meet the evils of the present day, brought about by federal prohibition, could only be determined by experimentation. * * * A legalized beer era might throw some light on the kind of restrictions best suited to later adoption for restricting the evils of those liquors now more generally sold, and which are everywhere recognized to be more intoxicating in fact."

"There is little doubt," thinks the CHARLESTON (W. VA.) DAILY MAIL, "that the question of legaliging beer will become an immediate problem before congress." That paper points to possible changes in the situation, with the statement: "Should beer be legalized, it could be sold in only nine or ten states, but this list may be lengthened by the forthcoming sessions of state legislatures which will consider the repeal of state dry acts. Maryland never had a state enforcement act and would be free to take immediate advantage of the legalizing of beer. New York, Nevada, Montana and Wisconsin have repealed their own dry laws. Similar action was taken by the Illinois legislature but a veto defeated it. Several states are ready to hold referenda on the merits of the 18th amendment, with prospects of wet victories reported to be bright."

Taking up the "tax relief angle," the RUTLAND HERALD voices the belief that "it would not be enough to relieve the depression materially, but it would help." That paper adds: "More important, perhaps, it would form a basis for calculating whether beer (plus light wines) would offer any solution of the prohibition question; whether, in fact, men would be willing to give up drinking 'hard stuff' and 'taper off' on milder liquors. Logically speaking, that might be arrived at after the 18th amendment is repealed, but as a stop-gap it might appease a good many who are highly dissatisfied with the present status, and who must realize that, at best, it will take some time for the several states to provide for and conduct resubmission elections and conventions."

The Investment Bankers, as quoted by the CHARLOTTE OBSERVER "are strong backers of the modification plan that would bring beer into taxation. They want the government to go into investment in beer. Their committee appointed to look into the possibilities hunted up the statistics of beer sales in 1917, the last year of its legal existence, and found that the consumption of the beverage in this country amounted to 1,885,000,000 gallons. Then they figured that a tax rate of 12½ cents a gallon, the same that is levied in Canada, would bring in $235,000,000 a year. The Investment Bankers, however, would go further. They agree that a tax of 40 cents a gallon could be levied without advancing the price enough to make bootlegging profitable, as Garner fears. Tax of that kind would produce a revenue of $754,000,000 a year, and that would be just about three-fourths of the income tax revenue collected last year."

By way of criticism, the BOSTON HERALD remarks that "it makes one dizzy to think of how many billions of glasses of beer Americans must drink in a year to pour the several hundred millions of dollars into the federal treasury," and the DES MOINES TRIBUNE makes the comment on the statement of the Investment Bankers: "Secretary McSparran of the Pennsylvania state department of agriculture derides the notion that a beer tax would produce even half a billion in new revenue. 'To realize that amount,' he says, 'every family in the 12 states that would probably legalize beer would have to drink 1700 pints every year.' This is somewhat surprising, in view of the fact that prophesies of bankers are usually supposed to err, if at all, on the side of overpessimism. But maybe, on the other hand, they are extraordinarily capable beer drinkers."

On the question of more fundamental action, the NEW YORK SUN says: "Suppose the house, at the coming session, should vote two to one for repeal. The chances are strong that the senate would listen with interest and repect to the voice of a body which is generally believed to be closer to the people than the senate. The chances are strong that the senate would disclose a large number of 11th hour converts. Politics willing, a strong probability exists that the Seventy-second rather than the Seventy-third congress will repeal the 18th amendment."

The full potentialities of the liquor excises as revenue producers were never adequately explored," advises the BALTIMORE SUN, "for the reason that the requirements of the treasury were never onerous enough in the days before the war to necessitate the exploitation of these levies on an extensive scale." The Sun concludes: "It is to the credit of the Voluntary Committee of Lawyers that it is now circulating a careful examination of the repeal proposal in which this point is emphasized.

A Frenchman and an Englishman met in the bar of the hotel. After a few remarks the Englishman asked him what he would like to drink. "Oh," he said, "I'll have a drop of ze contradiction."

"The contradiction? What do you mean?" asked the surprised Englishman.

"Well," said the Frenchman, "you put in the whiskey to make it strong, the water to make it weak, the lemon to make it sour, the sugar to make it sweet. Then you say, 'Here's to you', and drink it yourself."

The study, prepared by the association's executive committee, which embraces a number of able young lawyers, ventures no estimate of the amount which a general excise on all forms of alcoholic beverages might yield. It does, however, stress the point that the liquor excises are historically the most equitable and profitable of our indirect taxes and offer, therefore, the most appropriate remedy for fiscal uncertainties resulting from our recent reliance on direct or income and corporation taxes."

The NEW YORK TIMES places emphasis on the fact that "rural districts were the first to be won over to the cause of prohibition and will presumably be the last to desert it,' with the belief that 'the goal would be nearer at hand if the residents of urban districts, in general the chief proponents of a change, possessed authority in Congress more nearly in consonance with their numbers." The KANSAS CITY STAR offers the judgment on the prospects: "It is possible that the necessary thirty-six States could be obtained for a modification amendment. It is almost inconceivable that thirteen States would not line up against outright appeal."

Plan Endowment For St. Joseph's Parish Cemetery

Property Has Been Improved And Made Into One Of Finest In District

Plans are now under way for the securing of funds with which to endow St. Joseph's Parish cemetery on the New Wilmington road. It is planned to accept gifts for that purpose, the money to be placed in a permanent fund and permitted to accummulate until the income from it, is sufficient to maintain in perpetuity, the cemetery, which is now one of the finest in this section of the country.

This eight acre plot of ideally located land has been placed in first class condition in the past two years at an expense of $2,000, which does not include the labor, as that was freely donated. Practically all trees have been eliminated especially in the former wooded section, which included about three fifths of the cemetery up until the improvement was made.

The roads have been improved and the entrance has been made beautiful. The part facing the road has been made into a rock garden and much shrubbery planted. The parish has also added a tractor which has been found very useful in keeping the cemetery in proper order. All this work has been done under the supervision of Rev. Fr. Joheph A. Doerr, the pastor.

GOVERNOR WHITE DEFEATS INGALLS

(International News Service)

INDIANAPOLIS, Ind., Nov. 9—Gov. Franklin D. Roosevelt carried Indiana by a plurality of more than 200,000 votes, according to unofficial election returns received today.

The Democrats also scored sweeping victories in the senatorial, gubernatorial and state races and it seemed likely that the Democratic candidates would prevail in all 12 congressional contests.

Three nationally prominent Republicans lost their political lives in the Roosevelt landslide. Senator James E. Watson, G. O. P. Senate leader who has been in congress since the days of Uncle Joe Cannon, went down to defeat to Frederick Van Nuys, of Indianapolis, former federal district attorney and dripping wet.

Mayor George O. Durgan of Lafayette ousted Will R. Wood, veteran of the important house appropriations committee.

Mrs. Virginia Jenckes, of Terre Haute, a Democratic wet, triumphed over Congressman Fred S. Purnell, of Attica, a dry who is the ranking member of the senate agriculture committee.

Guard Ogrin In Hospital

Alleged Would-Be Robber Resting Favorably In Hospital

Condition of John Ogrin, age about 45, believed to be from the vicinity of Millvale, shot through the wrist and leg early Tuesday morning is fair, according to Jameson Memorial hospital attendants. Ogrin is under guard at the hospital. He is confined in a private room and three guards have been stationed to prevent any attempt he may make to escape.

Ogrin was shot when he and perhaps two other men went to the farmhouse of Ralph Allison, New Castle-New Bedford highway, with the intent, it is alleged to rob. When Allison saw the men he fired one revolver shot into the air. They fled. Ogrin secreted himself behind a bush. A second shot struck him in the right wrist and right thigh.

Allison captured Ogrin and later Constable McClenahan summoned to the scene found his shoes on the highway. He was brought to the Highway Patrol station here then removed to the hospital. Attempts to draw information from Ogrin to the identity of his comrade or comrades has failed.

The guards were placed by County Detective H. M. Lee, it is reported.

Best Remedy for Cough Is Easily Mixed at Home

Saves $2. So Easy! No Cooking!

You'll never know how quickly a stubborn cough can be conquered, until you try this famous recipe. It is used in more homes than any other cough remedy, because it gives more prompt, positive relief. It's no trouble at all to mix and costs but a trifle.

Into a pint bottle, pour 2½ ounces of Pinex; then add granulated sugar syrup to make a full pint. Syrup is easily made with 2 cups of sugar and one cup of water, stirred a few moments until dissolved. No cooking needed. This saves two-thirds of the money usually spent for cough medicine, and gives you a purer, better remedy. It never spoils, and tastes fine.

Instantly you feel its penetrating effect. It loosens the germ-laden phlegm, clears the air passages, and soothes and heals the inflamed membranes. This three-fold action explains why it brings such quick relief in severe coughs.

Pinex is a highly concentrated compound of Norway Pine, used for generations for its healing effect on throat membranes. It is guaranteed to give prompt relief or money refunded.

Vare Loses Own Ward Tuesday

(International News Service)

PHILADELPHIA, Nov. 9.—Despite the plurality piled up for President Hoover over Gov. Franklin D. Roosevelt so bitter was the battle in Philadelphia that William S. Vare, Republican boss lost his own ward, the 26th by approximately 2,800 votes, unofficial returns indicated early today.

The 26th is known as one of the regular wards and is located in South Philadelphia. Many of the residents are Italians.

Democratic Sweep In Illinois Is Indicated Early

Governor Roosevelt Carries Entire Democratic Ticket Into Office

(International News Service)

CHICAGO, Nov. 9.—The Democratic party was sweeping to victory in Illinois, returns shortly after 8 p. m. indicated.

Gov. Franklin D. Roosevelt, the Democratic candidate for president, has carried the state and with him the entire party ticket was swept into office. Judge Henry Horner will probable be elected Democratic governor over Len Small by a greater plurality than Gov. Roosevelt.

Downstate returns showed a neck and neck race between Horner and Small, but even from these sections reports showed that Horner had the lead and would hold it, as the counting of ballots continued, the Democratic landslide in the state increased.

Congressman-at-large William Dieterich has an indicated plurality over U. S. Senator Otis F. Glenn of 200,000. Downstate Dieterich, the Democratic candidate for the senatorial seat, was maintaining a slight lead over Glenn.

Political Upset Occurs In Iowa

Democratic Senator And Congressmen Are Probably Elected

(International News Service)

DES MOINES, Ia., Nov. 9.—The greatest upset in the political history of Iowa apparently had been recorded early today.

Not only did returns from more than a third of the state assure that this rock-ribbed Republican stronghold, birthplace of President Hoover, would give its electoral vote to Franklin Roosevelt, but indicated that a Democratic senator and a complete slate of Democratic state officials, from governor down, may have been elected by yesterday's vote.

In addition, more meager returns indicated the possible election of eight Democratic congressmen from the state's nine districts. Among incumbent Republican congressmen apparently unseated was Gilbert N. Haugen, oldest member of the national House of Representatives from the standpoint of service. He was opposed by Fred Biermann, a wet Democrat. Biermann, with 58 of the district's 256 precincts counted, had at total vote of 15,410 as against a vote of 6,521 for Haugen.

Michigan Goes Democratic In Tuesday Voting

Old Rock-Ribbed Republican Michigan Falls Into Line With Democrats

(International News Service)

DETROIT, Nov. 9.—Rock-ribbed Republican Michigan, which hasn't bolted a G. O. P. ticket since before the Civil war, appeared early today to have joined the Democratic landslide.

On the basis of returns at nine a. m., Roosevelt and William A. Comstock, Democratic candidate for governor, were holding comfortable leads. Returns from the Detroit Metropolitan area, still only about one-fourth complete, were expected to swell their pluralities.

For president in 1.501 of the state's 3,417 precincts was: Roosevelt 331,022; Hoover 299,860.

The proposal to repeal the state prohibition law and substitute a liquor control board system similar to that of Ontario, appeared to have been overwhelmingly approved.

Seeking Release Of Lone Suspect In Murder Case

Will Ask Court To Release Philip Renda, Held In "Hatchet Slayings"

(International News Service)

UNIONTOWN, Pa., Nov. 9.—Hearing on a habeas corpus writ filed in an effort to effect the release of Philip Renda, 52, held here as a material witness in the triple "hatchet murders" of a mother, grandmother and daughter, today had been set for tomorrow before Judge Davis W. Henderson.

Renda has been identified as a suitor of Mrs. Nellie Tressler, 28, one of the victims. The others were her mother, Mrs. Amanda Harden, and Mrs. Tressler's daughter, Sadie. They were brutally beaten to death in their Connellsville home last month.

"They have nothing on me," Renda said as the writ was filed with the court.

Renda is the last person still in custody in connection with the crime. Clyde Harden, brother of Mrs. Tressler and son of the elder woman, was released from jail last week.

California, Hoover's Own State Leads Landslide On Pacific Coast

McADOO IS NAMED AS U. S. SENATOR

(International News Service)

SAN FRANCISCO, Nov. 8.—California, President Hoover's home state, today led a Pacific coast landslide to the banner of President-Elect Franklin D. Roosevelt.

The New York governor won the Golden State to the Democratic standard for the first time since Woodrow Wilson was named president by virtue of California's electoral votes.

The victory in California was of smashing proportions, returns today indicating Roosevelt's plurality would be at least 300,000 and probably 500,000.

Clean Sweep On Coast.

Washington, Oregon, Idaho, Nevada and Arizona all swung in line to give Roosevet a clean sweep of the Pacific slope.

With possibly a few exceptions the Democratic sweep was complete in these states. William Gibbs McAdoo appeared certain to represent California in the United States senate, having defeated Tallant Tubbs, a wet Republican, and Rev. Robert Shuler, Prohibition.

The Pacific coast states voted wet where the voters had an opportunity to express themselves in referendums by repealing state dry laws in California, Washington, Oregon and Arizona.

Voters went to the polls in unprecedented numbers. It was possible that California's total vote will reach 2,000,000 while all of the other Pacific states reported heavy voting, indicating the total for the six Pacific states would run well over 3,500,000.

KIWANIANS ELECT CLARK PRESIDENT

Club Ballots Today For Leaders For 1932-33; Pick All Officers

New Castle Kiwanians casting their annual ballots Wednesday, elevated Norman E. Clark to the presidency of the club after his year of service as its second vice president. Clark will succeed later this year to the post now held by Clarence M. England.

The clubmen, assembled in The Castleton lounge, chose their entire roster of club officers for the 1932-33 term. The complete group of the new leaders besides President-elect Clark, follows:

Vice president—Charles A. Bolen
Trustee—President Clarence M. England
Treasurer—Robert L. Meermans
Directors—Thomas Blake, Charles A. Bolen, H. L. Gormley, William Hanna, L. A. Haug, Samuel Lewis, Gilbert Long, James Mayberry and L. W. Strayer.

The tellers' committee report was made by its chairman, L. W. Strayer, following a snappy program in which members of the attendance team captained by James Mayberry paid "speech" bets to the winning side which Thomas Blake headed. Mayberry's losers in a recent attendance drive paid for the winner's dinners today. Besides, Mayberry was penalized by a sudden assignment to preside over the pay-off program.

Plans for the formal installation of new club officers will be launched this week. A date will be chosen later.

ENERGIZING SNACK

When children come home from school tired, get them to sit down for a little while and slowly drink a glass of milk and eat two or three graham crackers, a slice of bread and butter, or perhaps a ginger snap or other molasses cookie.

Opals are very fashionable now in London. Opal bracelets are particularly smart, flat opal gems set in platinum being linked together to form a chain.

NEW GOWNS FULFILL VARIED NEEDS

(Courtesy Good Housekeeping)

Fashions have been helpful during these months of depression to the woman who cannot afford many new dresses. This is especially true of evening gowns. The collarette or deep cape collar that buttons in the back can be used either for daytime or evening in a contrasting color or fabric to the dress. Covered shoulders, big buttons and a wide, stitched belt fastening in the back are smart details of the first frock, left, which is suitable for the young girl or matron. The second frock may be either of velvet or rough crinkle crepe with contrasting collarette. The evening coat, center, is smart with dark or light frocks.

GOODS STOLEN IN GROVE CITY RETURNED

GROVE CITY, Pa., Nov. 9.—The articles stolen from the Turk and Younkins Hardware store have been returned and the proprietors express themselves satisfied with the activity of the police in securing the stolen goods. Guns and cartridges to the value of $65 were taken after thieves had secured an entrance by a side window. Fly paper was used to prevent the glass falling inside. The police have learned that the fly paper idea which prompted the burglary was read in a magazine.

Michigan Shows Roosevelt Trend

Appears To Have Gone Democratic In Early Returns Today

(International News Service)

DETROIT, Nov. 9.—Rock-ribbed Republican Michigan for 30 years a tower of strength to the G. O. P. appeared to have gone Democratic, on the basis of early returns at 2 a. m. today.

The returns were still small at that hour, but they were from precincts scattered throughout the upstate district, with most of the rebellious Detroit area still to be heard from.

For president 555 precincts of the state's 3,417 gave: Hoover 133,099; Roosevelt 168,794.

The proposal to repeal the state prohibition law and substitute a liquor control board system, appeared to have carried. Returns were fragmentsary, but they were from the normally dry rural districts and they showed a lead of more than two to one for repeal.

Blames Depression For Hoover's Defeat

(BULLETIN)
(International News Service)

CHICAGO, Nov. 9.—Just after midnight this morning Chairman Everett Sanders of the Republican national committee issued a statement blaming the depression for the defeat of President Hoover. He said:

"A very great man has been defeated. The millions of votes that have been cast for him constitute not only a marvelous tribute to him, but approval of his policies.

"America has never returned to power any administration in a period when we had 'hard times'. That this was not just 'hard times', but a world depression, for which the administration was not responsible, has been brought home to those who have thoroughly understood conditions.

"Millions have hoped that a political change would better their economic condition. This vote has outnumbered the votes of those who did understand. The millions of votes that have approved Herbert Hoover are a great indication of a great President.

"So far as I have the power to do so, I shall give every support to the incoming President in all of his policies that are for the best interests of our country."

New Sewing Room Is Secured For Red Cross Workers

New Quarters In Downtown District Are Opened In Market Way

After several days preparation, a new sewing room in the downtown district has been opened by the Red Cross Garment Committee in the city in charge of Mrs. Marcus Feuchtwanger, at 124 Market Way.

The change was made necessary by the closing of the Singer Sewing room, because the business of the company was interfered with too much by the confusion of the sewing class.

The committee is deeply appreciative of the splendid co-operation shown them by the Singer Company in the past.

The new room was secured through the courtesy of W. J. Offutt, and was cleaned and renovated by men from the Mayor's Relief Committee. Free service has been given by the public utilities, and electric connections were contributed by H. L. Marvin.

Approximately 20 more machines are needed for the sewing room, Mrs. Feuchtwanger stated this morning, and anyone who can contribute the use of a machine for a short period is asked to call the Red Cross, 5084. The best of care will be given the machines, as the sewing is all done under expert supervision.

Big Improvement At Police Station

Changes Being Made To Increase Efficiency Of Police Department

Changes at the police station were inaugurated today, which it is expected will greatly increase the efficiency of the department.

Today workmen started cutting through the heavy brick wall separating the present sergeant's office with the room to the south, which has been in the nature of a lobby to the chief of police's office.

When this opening is completed, it will be a doorway between the two rooms. The new Gamewell police system will be installed in the south part and the teletype now in that room will be moved to the north room in the location of the sergeant's desk at the present time. The present door into the sergeant's office will be kept locked.

The sergeant and his desk will be moved to the south room or present entrance to the chief's office. The door into the south room, will be fitted up with a gate, which can only be opened by an electric contact subject to the desire of the sergeant.

It will also be no longer possible to enter the chief's room unless this gate is opened. It means that the chief will have privacy at all times and no one can gain access to him unless the sergeant permits the opening of the gate.

The new system will be in entire accord with the latest ideas in the most uptodate police departments.

President-Elect Hopes For Better Days Ahead

(BULLETIN)
(International News Service)

NEW YORK, Nov. 9.—In his first public statement, delivered to 2,000 wildly cheering men and women in a ballroom of the Biltmore Hotel early today, President-elect Roosevelt expressed the hope that the next four years will find the country lifted from the slough of depression.

"My friends," he said, "I have come here to bid you God speed and to thank you each and everyone for all you have done in this campaign and especially all the men and women who have worked so faithfully at headquarters.

"It is because of their work that the great majority we have had throughout the country has been made possible.

"I want to say just one word—that there are two people in the United States, more than anybody else, who are responsible for the great victory. One is my old friend and associate, Col. Louis McHenry Howe (Roosevelt's secretary for twenty years), and the other one is that splendid American, James A. Farley.

"As you know, the returns have not yet come from a number of western states, so I am making no formal statement. All I can tell you is that the returns seem to indicate a great victory, and it is my hope that during the next four years we, all of us, will do what we possibly can to restore this country to prosperity.

The president-elect was accorded a tremendous reception on his journey from a private room at the Biltmore, where he received the returns, to the ballroom adjacent to national headquarters.

Despite the fact that twenty-five policemen sought to open a path for him, so great was the crowd that he was twenty minutes negotiating the comparatively short distance.

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.
Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.
Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

Hoover Sends His Congratulations To Gov. Roosevelt

By GEORGE E. DURNO
International News Service Staff Correspondent

PALO ALTO, Cal., Nov. 9.—"I congratulate you on the opportunity that has come to you to be of service to the country and I wish for you the most successful administration."

President Hoover in a telegram to Governor Roosevelt last night thus conceded the Democratic candidate's election.

"In the common purpose of us all," the President continued, "I shall dedicate myself to every possible service."

The announcement was made at 9:40 p. m., Pacific coast time, from the Washington office of the Republican national committee.

As West read the telegram to the waiting newspapermen, students of Stanford University were gathering to serenade Mr. Hoover.

Later light refreshments were served by the committee. The affair was well attended.

TENNIS ENDED?

Although a month ago it seemed that tennis playing had surely drawn to a close for the winter, several local enthusiasts belied the fact yesterday by digging out their racquets and net and playing several games on a local court.

Questioned by a bystander who suggested that it was rather late in the season for the sport, the players responded that the weather was just right—enough coolness in the air to lend speed to the game.

VOLUNTEER FIREMEN

The next meeting of Engine Company No. 7 Volunteer Firemen will take place Tuesday, November 15, at the department building, corner of Cedar and Cherry streets. The volunteers meet regularly once a month.

BOOK CLUB THURSDAY

Observations In 7th Ward

Well, the frame buildings formerly ocupied by R. G. Gaspare, are down and hardly a board or brick remains as a reminder of their existence. The property, located along Plum Alley between Liberty street and Ashland avenue, will be cleared by the P. and L. E. railroad in an improvement program, it has planned in connection with moving the passenger station to Mahoningtown.

The local hunter unwittingly trespassed on a farm where hunting was not allowed, Monday and as a result came pretty near to getting shot. The owner of the farm shot at him, he claims. It is fortunate for both the trespasser and the farmer that the bullet went astray.

It was just 19 years ago today that this city was buried under several inches of snow and the thermometer was down low enough to make finger tips and toes tingle, according to reminiscences of a local resident. Roads were almost impassable and unless there was something very important to be done, no one left his home. That was some storm. And the day before, the local resident says, was as warm as yesterday.

SEVENTH WARD PERSONALS

Louis Perretti, of Lafayette St., spent Tuesday in Pittsburgh.

Mrs. Melvin Keis, of South Carroline, was a recent visitor in this city.

Herbert Dungan, of Newell avenue, was a Tuesday visitor in McKees Rocks.

Mr. and Mrs. William Beam and Mrs. Ralph Wettich, of this city, spent Tuesday in Youngstown, Ohio.

Liquor Found In Covelli Residence

Police Use Search Warrant In Discovering Liquor In Place

Late Tuesday afternoon a squad of police visited the home of Mike Covelli, 512 South Jefferson street, armed with a search warrant.

They did not find Mike Covelli at home, but did see his brother, Joe Covelli, as he made a hurried exit from the place before they could get him.

They found a gallon glass jug full of moonshine and three male visitors, confiscating the former and taking the visitors into custody. The visitors arrested gave the names of "Howard Hunter," "Walter Smith" and "John Golis." Walter Smith had a pint bottle of moonshine on his person.

All were released on forfeits of $10 each for a hearing Wednesday morning. Smith forfeited his $10 but the others asked for a hearing and it will be held Saturday.

Joe Covelli will be required to face charges in connection with the case.

WANTED 100 SALES MEN AND WOMEN

OUR government, our charitable organizations, our newspapers—all have stressed the continuing need for employment. Every worthy American business is seeking a way to help. These New Castle stores anayzed their resources and discovered that, although there is no opportunity at present to employ more people within their walls; by knocking those walls aside they might plan a drastic temporary expansion. 100 carefully selected salespeople will be chosen to sell a weekly feature that shall be known as "The Unemployed Special," direct to the homes. These salespersons will be paid 10% commission on all their sales. They will be assigned to definite sections of our community to avoid confusion and exasperation in the homes.

Since this entire plan was developed to help so far as possible our local unemployed conditions, we shall limit the opportunity to residences of Lawrence county. At 10:00 A. M. or 2 P. M. tomorrow or Friday, apply to Mr. Fries, 2nd Floor, Bleakley Block. Mr. Fries will select and instruct this special staff. Kindly do not interview any executive of these represented companies.

This is not a charitable affair. Owing to the large quantity of merchandise that can be distributed through this method, these New Castle stores are able to pay the salespeople generous commissions, by reserving a little less profits than normal for themselves.

We recognize the nuisance that bell ringers are—yet we feel certain you will welcome these people knowing that they come from reputable New Castle stores, with worthy merchandise and in a good cause.

TAKE THREE FOR GARAGE HOLD-UP

Mercer County Gas Station Robbery Solved As Police Nab Trio

(Special To The News)

MERCER, Nov. 9.—State policemen and Mercer county authorities today had tracked down and won reported confessions from the trio of hold-up bandits that invaded a Mercer-Greenville road gasoline station in the early hours of October 25, severely injuring a night watcher in a desperate gun battle that ensued when the three were temporarily trapped.

On that night the trio escaped, leaving Charles Polly, 37, son-in-law of Robert Harris, the station's owner, suffering from shot gun wounds.

From the time police were summoned that night until yesterday, when state police swooped down in Akron, the trail of the thieves had been pursued and never a clue left passed unnoticed.

In the Ohio city Tuesday they nabbed Robert Frantz ,18, of New Hamburg, who today was reported to have confessed that he shot Polly the night the station robbery was tried.

With Frantz taken, officers soon added two other youths. Paul Rodamoyer, 19, New Hamburg, and Jos. Garrity, 20, Sharon, to their suspects as accomplices of Frantz. They were arrested near here . It is reported that they have also confessed their part.

Pick 40 Workmen For Road Projects

New Delegation Called For Duty On Thursday; Welcome Employment

Today a delegation of 40 new unemployed men of the county was selected by General Secretary R. L. Meermans of the Y. M. C. A. to give nine days of service on new state-sponsored rural road projects. Meermans said the new group would assume their jobs on Thursday morning.

The selection of new men comes as a result of recent successful efforts of local state legislative spokesmen to have additional road jobs carried out here. They were able to win nearly a ten-mile stretch to the relief program announced earlier.

Meermans said 40 other men who have been at work for the past nine days will retire in favor of the new workmen.

This afternoon Mr. Meermans, with other state employment officials from districts surrounding the Pymatuning dam, will meet in Meadville to discuss a possible plan to change the method by which men are chosen for the reservoir project.

Westminster To Play Muskingum Team Saturday

Saturday Will Be Big Day In New Concord, Ohio, Home-Coming Game

TITANS HOPE TO WIN GAME

NEW CONCORD, O., Nov. 9.—The "Great Day" is nigh at hand! Saturday, November 12th is the eleventh annual home-coming of Muskingum college. The main event of that day is to be a great football battle staged between the Blue and White of Westminster college, New Wilmington, Pa., and the Black and Magenta of Muskingum. When you mix all of those colors the result is an unknown, just as is the result which will mark the close of this great game Saturday.

Many features of this game are of interest. In the first place, both of these teams come from United Presbyterian colleges. Many friends and alumni of both schools are from the same community in which Westminster is located. This game will be an inter-state affair and hundreds of fans from Pennsylvania will be in New Concord to root for their respective team.

Titans Are Good

To date, Westminster has won four games and lost four. Muskingum has won three, lost three, and tied one. The only comparative dope that can be had is through the Waynesburg encounters, both schools having lost to the Yellow Jackets. The Black and Magenta lost her first game of the season to Waynesburg 13 to 6. The Westminster Titans played their seventh game of the season against Waynesburg, and being unable to score, lost by a score of 6 to 0. This may tend to give an edge for the coming battle to the Langemen, but the Blue and White have played stronger teams on the whole, than have the Muskies, but comparative scores and the usual dope forecast will not decide this game.

Coach Lange was not satisfied with the result of the Wooster game last Saturday. The Muskies threatened to score several times against the Scots, coming at one time to the five yard line, only to fumble on the first play to spoil the attack. A good hard workout is expected for the Langemen this week, for the Muskie mentor is very anxious to finish up the season with another victory. Several injuries have been costly. Boll and Waddell are out but hope to return to the lineup this week.

HERE AND THERE IN SPORTS' LAND

Ever since the tragic death of Knute Rochne the football world has been looking for a man to take his place as its ruler, according to Quentin Reynolds, I. N. S. sports writer. It has sought in vain, he writes then reports at an informal gathering of grid menths question of who is the country's leading coach came up. There was a sharp divergence of opinion and it was suggested that each man present write down the names of those whom he thought to be the best five coaches in the country. The two who received the most votes were 'Pop' Warner of Stanford and Lou Little of Columbia. The third name was Gil Dobie. Andy Kerr was fourth and the fifth selected caused trouble. There were votes for Howard Jones, California, Tuss McLaughrey of Brown and Slip Madigan of St. Mary's.

The entire card for the fistic embroglio to be held here November 18, has been arranged, it was reported today. Ross Fields will tackle Pancho Linda, the brown boy from the Philippines and Marty Toukonen will swap punches with Young Terry in a return six round bout. Merle Gibson of New Castle will oppose Mickey Hazuta of Farrell at 160. Pee Wee Carney will mill against Tommy Kilrain of Akron at 128 and Johnny Banko will tangle with Billy Mack of Akron at 135. All of the fighters are reported in training. Linda and Fields are rated along the first 10 bent fighters at their weight.

Young Hank Mills, current riding sensation on the "Big Time" tracks is within hailing distance of a mark that has eluded champion jockeys since 1927. With the 1932 championship his for the taking, Mills has to pilot 20 more winners to pass the 200 mark this season, a figure that has been a barrier to all jockeys since L. Hardy rode 207 horses home in front five seasons ago. When the Pimlico meeting started Mills had 180 winning mounts and horsemen believe he will pass the double century mark this season.

Football is the game that makes statisticans and form players go blotto. Notre Dame, for instance, won three games in a row, by an overwhelming margin then lost to Pittsburgh. That would make Pitt aces high. However, Pitt previously was held to a scoreless tie by Ohio State. And Ohio State was also tied by Indiana and Northwestern and was beaten by Michigan 14 to 0. Indiana lost to Chicago and Chicago was tied by Yale which won only one of five games.

Frank G. Menke, Sports Editor of the International News Service writes that it is stated that every reputable bookmaker lost money on the New York tracks in 1932 and he believes the statement has a tinkle of truth. He says, however, that this does not mean that the players reaped any rewards. He claims "Old Jake Nut" was the winner. He says that it costs considerable for a "bookie" to conduct his 'store." Usually he has a cashier, a couple of runners, an assistant to check up on the bets, perhaps a few "schills" and usually a special clocker. The employes list reaches about eight and their average wage is about $12 a day which makes $576 a week.

He says it costs $3.85 for each hireling, also the "bookie" to get into the track and an additional $1.15 goes for train fare or railroad passage so that $5 per day for the eight helpers and the "bookie", totalling $45, per day, or $270 for the week. He adds to this the incidental expenses of the bookmaker each week which is about $150 and Menke reports the payoff each week is about $1,000, or in the neighborhood of $25,000, a racing year. He claims the "bookie" has to pick up $25,000 in profit before he can get an even break.

Billy Petrolle who lost in his effort to wrest the lightweight crown from Tony Canzoneri is sore in mind and body, enroute home to Duluth. "I always wanted to win a title" said Billy prior to leaving Gotham. "Not so much because of the money a title would bring as to be sure that, in years to come, when somebody brings up the name Billy Petrolle it won't be said: 'Oh yes, he was a pretty good fighter but not a champion." He said that when a fellow wins a title he makes a mark in boxing history that cannot be erased. They don't forget those who weren't champions."

He still has a chance to acquire the welterweight title held by Jackie Fields but that chance is slim. Jack Kearns, manager of Fields is not in the habit of taking too many chances with Fields. If the Fargo Express is destined to reach the end of the pugilistic road without grabbing a title he will be like Sam Langford, one of the greatest heavyweights but not a fistic king; Peter Jackson, Mike and Tom Gibbons, Packy McFarland, Charlie White, Lew Tendler, Pal Moore, Leach Cross, Kid McKoy and a host of others.

John (Shipwreck) Kelly, former University of Kentucky football star who was with the New York Giants this season, has been forced by illness to quit the gridiron. . . Manhattan beat City College, 13 to 6 in New York yesterday. . .Frank Scoville, Buffalo, 1931 winner won his second straight victory in the eastern sectional three cushion billiard meet at New York when he beat Bill Greenwood, Pittsburgh 50 to 36 in 40 innings. . . Charles Kabeale, Youngstown substitute Ohio State guard, broke his elbow while participating in a scrimmage against the varsity at Columbus.

FOREST A. C. MIDGETS WIN

Forest A. C. Midgets won from the strong Reynolds Street Cyclones Tuesday afternoon at the Paul Street Field 13 to 6. C. Stoner blocked a punt and Perry fell on it for a touchdown. Murdock made the other touchdown for the Forest A. C. team. The touchdown for the Cyclones was made by Abraham. The Forest team will play the Crawford Indies at the Paul Street Field, Thursday afternoon at 4:30 o'clock.

Union Hopes To Upset Bessemer High Friday

Coach Boyd Drives Union Team Hard With Hope Of Upset In Sight

Union High school football team is practicing this week with one thing uppermost in their minds. There is always the unexpected to look for in football. The underdog sometimes turns. Union High has fond hopes of upsetting the Bessemer team Friday when the two teams clash at the Bessemer Field.

Coach Dave Boyd does not have to drive the Union players this week. They are all working with that same thought in mind that they must defeat Bessemer. The upset at the hands of Shenango High still rankles in the skin of the Unionites. They want to make a comeback and its just too bad that it has to be Bessemer High this week that bears the brunt of the Union wrath.

Out in Bessemer the football team is going along this week, sawing wood. They know that they have a great little team. They are confident of taking the measure of the Scotland Laners. Bessemer feels that this is the year to beat Union, as everybody else seems to be doing it, but they are not reckoning with the fighting Union team. They may find out too late.

Any way you look at this football game Friday at the Borough of Bessemer it looks like a football scrap.

Grovers To Play St. Vincents In Football Saturday

Coach Amos Driving Grove City College Team Hard This Week

GROVE CITY, Nov. 9—The Grove City squad, still somewhat bruised, is beginning to shake off the effects of the hard game with Geneva last week. Coach Amos gave only light drills Monday and Tuesday, but is forced to increase the work for the rest of the week in the face of the hard game expected with St. Vincent's powerful team on Saturday.

The Crimson coach has a big job on his hands in juggling the players around to get an experienced player in every position. With Bache and Tomko out of action, the line presents a problem, and none of the backs are in first-class condition as the result of recent hard games.

With Walter Baylor still incapacitated by a Charley horse, Amos is grooming Koma, Oriss, Smith and Thomas for the backfield positions, holding Alexander and Gross for relief duty. Captain Critchfield's persistent shoulder injuries may keep him out of action again Saturday, and Amos is grooming Glasgow for the center berth in place of the injured Bache. Caulfield will be used at guard, with Soich and Beres at ends, McCoy and Foti at the tackles and Binder at a guard.

The Grover coach is hoping for a dry field Saturday, so that his speedy back will have a chance to get started. Against Geneva, the Grover speedsters didn't have a chance, due to ankle-deep mud.

Baltimore Voters Favor Roosevelt

(International News Service)

BALTIMORE, Nov. 9.—Governor Franklin D. Roosevelt ran up a two to one lead over President Hoover in the early returns from the city precincts tonight.

Returns from 189 out of 672 precincts gave Roosevelt 41,920, Hoover 18,372, and Thomas 1,583.

Frosh Lineman To Get Chance Next Saturday

Merrill Straw, East McKeesport Husky, May Be At Tackle

(Special To The News)

NEW WILMINGTON, Pa., Nov. 9. —Merrill Straw, East McKeesport freshman, will probably start at tackle for Westminster Saturday when the Titans face Muskingum at New Concord, Ohio.

STRAW

Straw, who weighs more than 200 pounds, will take the place of Captain Rehfus, while Rehfus will be shifted to guard in place of George Hollander, injured lineman.

Straw saw action against Thiel for more than three quarters of the game last Saturday and played a good game. He is heavy enough so that the substitution will not weaken the forward wall of the Titans.

Bloker and Franklin will probably alternate at the center post against the Muskies. Both played in the Thiel game, but Franklin, injured in the Waynesburg contest two weeks ago, had to be removed after the first quarter.

Nebraska Strong For Roosevelt

(International News Service)

PORTLAND, Me., Nov. 9.—With total returns in from 523 precincts out of 692, President Hoover (R) is running far ahead of Governor Roosevelt, his Democratic opponent, in this state. The incomplete returns give the President 125,604 against 98,084 for the New York Governor.

Governor White Wins Decisively

Ohio's Governor Is Re-elected In Democratic Sweep Of Tuesday's Election

(International News Service)

COLUMBUS, O., Nov. 9.—Topped by Governor George White, who exceeded all expectations by outstanding even Governor Franklin D. Roosevelt's sweeping lead, the entire Democratic ticket appeared early today to have been swept safely into office in Ohio's heavy election yesterday.

Governer White rolled up a lead of 29,757 votes over David S. Ingalls, his Republican opponent, when 1211 of the 8678 precincts had been counted, and Ingalls, receiving the returns at his home in Cleveland, conceded White's re-election.

Roosevelt, instead of leading the ticket, as had been predicted, was actually running third, as U. S. Senator Robert J. Bulkley (D) of Cleveland forged ahead of Attorney General Gilbert Bettman, Republican, by 20,420.

The Democratic President-elect led President Hoover by a vote of 150,398 to 134,108 in Ohio in the 1211 precincts.

The vote in 487 of the state's 2,436 precincts was: Roosevelt, 107,254; Hoover, 67,175.

Only once before—in 1912—did Iowa, Hoover's home state, go Democratic in a presidential election.

Louisiana Goes For Roosevelt

Illinois Strong For Roosevelt

Democratic Candidate Piling Up Tremendous Majority

Expect Roosevelt Will Have Plurality Of Half Million

(International News Service)

CHICAGO, Nov. 9.—Gov. Franklin D. Roosevelt may carry Illinois by a plurality of moret han 500,000 over President Hoover.

On the basis of returns received up to 9:30 p. m. tonight the Democratic candidate appeared to be piling up a majority greater than that of President Hoover's in the Republican landslide of 1928. In that year Hoover carried Illinois by 454,324.

Returns from one-third of the state's 7,211 precincts indicated the Democratic candidate, for governor, Judge Henry Horner, also will carry the state over former Gov. Len Small.

The race for U. S. senator was closer with Senator Otis F. Glenn probably piling up more votes than any other candidate on the Republican ticket. William H. Dieterich was leading Senator Glenn 263,617 to 193,853 in returns from 1,843 precincts.

The same number of precincts gave Gov. Roosevelt a lead of 169,135 and Judge Horner a plurality of 153,941. The vote was the president: Roosevelt 455,665; Hoover 286,530. For governor: Horner 336,156; Small 182,215.

Nation's Safety Depends Upon New Cabinet

So Declares Eastern Republican Manager In Discussing Result

(International News Service)

NEW YORK, Nov. 9.—Senator Daniel O. Hastings of Delaware, assistant eastern Republican campaign manager, conceding the election of Gov. Roosevelt, declared that the safety of the country in the next four years depends entirely upon the cabinet and other aides selected by the new president.

"It is proof positive that a president cannot be re-elected in a time when ten million people are out of work and corn in the mid-west is selling at less than ten cents a bushel," Hastings said.

"The merit of the controversy was entirely with the Republicans.

"The portest vote did not consider merit. The safety of the country in the next four years depends entirely upon the people selected by the new president to aid and assist him."

Record Vote In Solid South For Roosevelt Today

(International News Service)

ATLANTA, Nov. 9. — Returning with a rush to its fabled Democratic solidarity, the South tonight was rolling up a record vote for Governor Franklin D. Roosevelt in apology for the defection of some of its states four years ago.

The four states that went for Hoover in 1928, North Carolina, Florida, Tennessee and Virginia, repudiated him at the polls today to return to the Democratic fold, first returns indicated.

In early returns, North Carolina, which gave Hoover a 60,000 majority in 1928, was giving Roosevelt a 5-to-1 vote over the President.

Georgia, which went Democratic four years ago by only 30,000 votes, gave Roosevelt a 25-to-1 lead in early returns.

New Castle Getting Ready For South Hi

New Castle High school football team will be ready for South High Youngstown Saturday afternoon, it was quite evident today. Coach Phil Bridenbaugh has ordered stiff workouts for the remainder of the week. The "Red Hurricane" with eight straight victories, wants to add that ninth game to the list.

Coach Bridenbaugh feels that South High is going to give New Castle their best game of the season and especially will the New Castle team be up against the best set of ball carriers they have faced this year. This youngster Tomlin, is a second Eddie Tolan on the grid field. His four touchdown performance against Salem, Ohio, high last week, gave New Castle fair warning.

Anxious to Win

New Castle is particularly anxious to defeat South High this year, as the game last season ended in a 0-0 deadlock. New Castle holds two victories over South at Taggart Field, against two deadlocks and a defeat at Youngstown. It will sort of even up the score to have a victory in the bag this week over the Ohioans.

Special attention is being paid the New Castle line this week. The local front wall is going to be in for a lot of football when they try to stop that fast charging and swift going South High backfield. New Castle's linemen will have to develop speed this week.

Johnyy Uram is being groomed for another fine game. Uram is the youth whose long runs have thrilled you. He is a natural runner. Uram is one of the hardest workers on the team and "Bridy" is placing a lot of confidence in Uram for the South game.

Unemployment Is Clearly Defined At Voting Polls

Areas Least Affected By Depression Give Majorities To Herbert Hoover

(International News Service)

PITTSBURGH, Nov. 9.—Effects of unemployment upon the voting in this city yesterday were seen today by an analysis of the vote by wards in comparison with a statistical report of the depression.

The fourteenth and the seventh wards have been revealed in recent statistical maps of unemployment drawn by the board of public education to be suffering less the effects of the economic conditions than any other.

In the balloting, these two wards were the only ones in Pittsburgh to give President Hoover a decided surplus.

Directly in contrast, the hard-hit McKeesport and Monongahela Valley districts returned heavy majorities for Gov. Franklin D. Roosevelt.

Rep. Steedle May Be Among Losers

Veteran McKees Rocks Legislator Running Very Close To Democratic Opponent

(International News Service)

PITTSBURGH, Nov. 9.—Democracy's commanding majority in returns from yesterday's balloting in Allegheny county may have cost Dr. William G. Steedle, veteran McKees Rocks legislator, his seat in the General Assembly, reports today showed.

Steedle, chairman of the house appropriations committee, has been mentioned prominently as a possible successor to C. Jay Goodnough as speaker of the house at the next organization of the legislature.

Two Republicans — Scorza and Lynch—apparently had won the seats in the first district, however. They polled 5,227 and 4,533 votes respectively. Four precincts were still missing.

Senator Moses Is Defeated

(International News Service)

CONCORD, N. H., Nov. 9.—A colorful figure in the nation's political life went down to defeat today when United States Senator George H. Moses, Republican, finally lost a close race to retain his senatorial toga to former Governor George H. Brown, Democrat.

The final figures for the entire state today were: Brown, 82,656; Moses, 81,356—a majority of 1,300 for Brown.

Stock Market Trend Lower

Early Gains Are Lost As Market Sells Lower During Morning

LIQUOR AND BEER STOCKS SELL WELL

(International News Service)

NEW YORK, Nov. 9.—A bullish opening on the stock market today, Wall Street's response to the Democratic landslide, was followed by heavy profit-taking and the market sold lower.

Early gains of 1 to 2 points were wiped out and losses off 1 to 3 points substituted. Support appeared on the decline and a rally followed. Trading was at a heavy pace in the first half hour with volume running at the rate of 4,000,000 shares for the full session but activity slowed down by the end of the first hour.

The rise in the market for three days prior to the election was primarily responsible for the profit-taking. Added to this later came a bearish government cotton crop report, followed by a slump of about $1 a bale in this commodity, plus a decline in wheat.

Bonds showed a good undertone and the dollar was strong against foreign currencies. This, however, failed to offset the reactionary influences.

The best showing was made by the so-called liquor and beer stocks, which were sharply higher in the early dealings on the wet sweep in Congress. Some of the gains were retained in the reaction. Leaders were U. S. Alcohol, Crown Cork & Seal and Owens Illinois Glass.

Other than these, all groups were carried down in the selling. Leaders like U. S. Steel, American Telephone and Allied Chemical were weak. Union Pacific, Atchison and Lackawanna led the rails down. Case Threshing broke sharply with wheat and cotton.

Al Smith Gives Congratulations

(International News Service)

NEW YORK, Nov. 9.—Governor Franklin D. Roosevelt was warmly congratulated by "Al" Smith, the great Democratic leader, in a dramatic meeting last night at Democratic national headquarters in the Biltmore Hotel where Roosevelt and a party of intimate friends received the returns which showed he had been elected President of the United States by an overwhelming majority.

Being insullated preserves heat under the collar, too.

Ellwood Hopes To Stop Rochester's Aerial Attack

Coaches Benedict And Ferrare Prepare Aerial Defense Against Taylor Men

ROCHESTER IS CLEVER FOE, SCOUTS REPORT

ELLWOOD CITY, Nov. 9.—Coaches "Ganzy" Benedict and Mike Ferrare seem to realize that if they are to stop Rochester's rather surprising wins, they will have to stop their aerial game which is reported to be one of the cleverest and most effective in Beaver Valley. To date no team has been able to stop it. Is has sent Monaca, New Brighton and Aliquippa to their doom and almost upset Beaver Falls.

So, Coaches Benedict and Ferrare took steps accordingly. The last two days they have been perfecting an aerial defense which they hope will stop the Taylormen's vaunted passing game. At the same time they continued working on their running attack which showed real promises last Saturday against New Brighton. In this department the locals held their own, but it was the passes that made them look miserably poor.

The entire squad was put through a strenuous session of blocking and tackling yesterday which was followed by a short scrimmage in which the coaches explained how certain plays should function. Coach Benedict is giving Mike Paal, his newly found backfield sensation, additional attention in passing and ball carrying. Paal was unable to click in his passing last Saturday.

Rochester is coming here next Saturday afternoon with one idea in mind—that of avenging last year's 26-0 defeat. The Taylormen this year are light but fast and heady. Their play repertoire includes many forward passes, lateral passes, and reverses. They outwitted New Brighton in obtaining a victory from them two weeks ago. The locals will have to keep on their toes at all times if they are to repeat their victory this year. In Ganieski and Gamble, Rochester has two capable and clever backfield performers. The former is a triple threat man who gave Ellwood trouble last year.

Coach Benedict plans to unleash a fast running attack and a few passes against the visitors next Saturday according to the workouts at Lincoln Field.

Mrs. Perry Uber Entertains Club

ELLWOOD CITY, Nov. 9.—Mrs. Perry Uber delightfully entertained the members of the Who Dealt club at her home on Perry street last night. Those present thoroughly enjoyed the evening around two tables of bridge at play in the midst of floral appointments. Miss Alice Bell was found to be the winner of the high score award at the conclusion of the games.

At an appointed hour the hostess served an appetizing luncheon, much to the satisfaction of those present. Mrs. Laura Herge will entertain the club in two weeks at her home on Todd avenue.

MISSION STUDY CLASS HELD

ELLWOOD CITY, Nov. 9.—The first of a series of six mission study classes being held by the Young People's Christian Union of the Wurtemburg U. P. church was held last evening at the Hooker home in Wurtemburg with twenty-one in attendance.

The class is studying the book, Rainbow Empire, written by Dr. Stuart Burgsma on Eethopia and Rev. J. E. Caughey is teacher of the group. Discussions on Eethopia were led by Frances McElwain and Mildred Rutter.

The social period was kept lively with diversified games and was concluded by the serving of a delicious luncheon by the hosts. The class will meet Tuesday night of next week at the Gallaher home at Ellport.

ATTEND CELEBRATION

ELLWOOD CITY, Nov. 9.— Mr. and Mrs. Samuel Battersby and Mr. and Mrs. Clarence Magee and Fred Markle motored to Greenville last night where they attended a celebration of Greenville Knights and Dames of Malta, officially opening their recently remodeled and redecorated lodge rooms in Malta Temple. R. B. Camble, war program chairman and Brother, two youthful musicians made a big hit with the guitar and vocal selections. Allen Saul also rendered several numbers. Grand Generalissimo George E. President Hoover Carries Ellwood

Wins Over Gov. Roosevelt By 1702 To 1589 In Tuesday's Election

ELLWOOD CITY, Pa., Nov. 9.—Although the lead was a scant one, Ellwood City stayed in the Republican column on Tuesday, with the exception of the race for United States senate. President Herbert Hoover carried the city with a vote of 1702 to 1589 for Roosevelt, with Thomas getting 165 and Upshaw 21.

For United States senate, Lawrence H. Rupp, Democratic candidate carried the city by a vote of 1518 to 1281 for Davis. The difference between this vote and that for president is seen in the fact that Edwin J. Fithian, Prohibitionist received 411 votes and Van Essen the Socialist got 411 votes.

For congress, Dr. J. Howard Swick carried the city with less than 100 to spare. Swick received 1708 votes and Sam B. Wilson of Beaver county 1634.

A. S. Batchelor, Republican candidate for state senate carried Ellwood City with a little larger majority than the heads of the ticket. Mr. Batchelor received 1668 votes, with Dr. John A. Meehan, Democratic candidate, received 1525.

For general assembly, William McElwee, Jr., ran well ahead of James W. Kelso, his Democratic opponent. McElwee receiving 1631 and Kelso 1328. Phillips, the Socialist candidate, received 168.

Big Crowd Enjoys Operetta At High School On Tuesday

Elementary School Children Score Hit With Clever Production Last Night

ELLWOOD CITY, Nov. 9—Saying that the school children's operetta, "O Cho San" was a success at the Lincoln auditorium last night, is putting it mildly.

According to the many encore numbers they were required to do it seemed that such an interesting and clever production had never before been presented here. The Lincoln auditorium was filled to capacity as local citizens gathered to participate in this part of the local school's observation of Education Week.

The play "O Cho San" was based on the superstition of the Japanese people. It deals with a Japanese girl who has the misfortune of getting the front cord of her clog broken. To make matters worse, this cord is a new one. Because of the misfortune a pine tree jade is stolen and people think that O Cho San is under a spell and has stolen the tree. In addition to this fascinating dialogue there are many fantastic dances and oriental songs. The scenes of the play are laid at a Japanese street fair.

Much credit for the success of the affair is due Miss Josephine Hartzell who was the general director. She was capably assisted by the Music, Health and Art Teachers of grades 1 to 6 inclusive. Added features were excellent musical numbers by the High School orchestra under the direction of Prof. Paul Winter. Miss Edith Bottoroff and her Central School Girl's chorus rendered several selections.

The cast of characters and those in the dances and other scenes are as follows:

O Cha San, daughter of a wealthy merchant—Hazel Pitts
Taro, her brother—Alex Drennen
O Yana San, cousin of O Cho San—William Androlia
Sanburo, Taro's chum— Samuel Rice
O Waki San, O Cho San's friend—Ethel Chatlos
O Taki San, younger sister of O Waki San—Shirley Wilson
O Lo San, playmate—Mildred Buchman
Len Lo, playmate—Grace Wallis
Story Teller—Stanton Taylor
Begger—Carmen Zito
Paperman—Joe Vozzolo
Officers—Robert McCarren, John Colavincenzo
Coolies—Robert Forsyth, Lawrence Moretti

Women's Club Has Regular Meeting

ELLWOOD CITY, Nov. 9.—Gathering at the home of their president, Mrs. Robert Barlow, Tuesday afternoon, the Ellwood City Women's club transacted its monthly business. A good attendance marked the meeting.

The principal event of the day was an address by Paul G. Towsley, stylist and decorator of New Castle who deeply interested the women with his talk on proper style and decorating. He began his talk with the early Egyptian times of 4000 years ago and gradually brought it up to the modern times to tell how style and decorating has changed. He illustrated his talk with pictures. After giving the history of period styles he told of the proper arrangement of furniture and the intelligent use of color.

Mrs. H. S. Gold, welfare work chairman of the club reported that the various women's organizations have completed 344 garments and two comforts. Also several routine matters were transacted.

WAMPUM

PEACE PROGRAM

In spite of the rain the Methodist church was crowded to the doors, and some not able to get in, to hear the Peace program, put on under the direction of the pastor, Will H. Fenton. The auditorium was appropriately decorated with bunting and flags, by Miss Pearl Truby's class of girls.

At 7:30 o'clock the Church School orchestra played the opening number, "The Lost Chord." Then the large audience sang "America the Beautiful," after which Rev. G. J. Bingham led in prayer. Mrs. Ethel Winnial gave a vivid portrayal in a reading entitled "War." Then with the lights turned out in the auditorium—the stage alone, being lighted—the touching drama was presented in a most impressive manner. Those present were made to see war—stark, naked war—stripped of all her glory and glamour, and clothed in the blood red garments of hate, greed, selfishness and jealousy. The only remedy for war, it the ideals and the mind of Jesus. Mr. Harry J. Portman with his vocal solos, and Mrs. Dimple Wilson with the violin helped greatly to make the service a success. The Presbyterian congregation with their pastor helped to swell the attendance. The same program will be presented at Newport Methodist church next Sunday night.

Over Two Thousand Bee Hives Located In Lawrence County

County Normally Produces 3 Carloads Honey In One Year

Although many millions of bees are working right here in Lawrence county most of the year around, not much is heard of their efforts, and results. This is National Honey Week, sponsored by the American Honey Institute, and is designed as a method to give people a better understanding of the value of honey as a food.

Lawrence county has approximately 2,200 bee hives, and produces as an average for a normal year, 3 carloads of honey.

L. H. Hawthorne, of the West Pittsburg road, one of the local men interested in producing honey, offers the following facts in regard to its use, production and consumption:

"The value of honey as a food is extremely high. Its very rapid entrance into the blood, carrying with it high energy elements have made it the great favorite remedy for exhaustion in the Far North. Many a trapper and packer owes his life to some one pouring honey and water down his half frozen throat. We are mighty thankful that there is little need for honey to be used this way in Lawrence County. However, the facts discovered largely in the Far North about its effects on the human body are of great value to us all.

"As honey is gathered by the bees from a great variety of flowers, it has a great variety of flavors and quite a range of color from water white to shades of green, yellow, red, and almost black. White clover produces a very light mild flavored honey termed "insipid" by those preferring the stronger flavors like Basswood, Spanish Needle, and Sweet Clover. All the above are light colored. The cappings of Spanish Needle (Spur Marigold) honey combs are tinted a beautiful shade of yellow, which some people mistake for the more redish yellow of buckwheat. Buckwheat honey gathered in early summer is very much lighter in body and color than that gathered late in the season. This honey has a flavor all its own which is so relished by many thousands of honey users that they want no other kind. Also the darker red it is the better they like it.

"Now color in honey, as in other foods, is not a very good standard by which food values are to be figured because the dark honeys are not as much higher in food values as they are stronger in flavor.

"The dark honeys produced here have a little more value perhaps because of the minerals and those peculiar "somethings" which we term vitamins. They are often a little cheaper because produced in greater quantities than the light honeys. Even at the same price per pound they are a little better bargain. The bees have evaporated them to a thicker consistency than most of the light honeys.

"Now I am speaking of extracted honey, just as the bees make it, not honey which may have been darkened by too long contact with iron or been overheated when bottled. Honey in the comb is not readily affected by anything to change its color or consistency.

"The great majority of people use extracted honey in either the liquid or crystallized form."

School Heating Plant In Use

Within ten days after the contract for the heating plant in the South New Castle borough schools had been let, the plant was complete and in operation, W. M. Clarke and Co., the contractors state.

The finishing touches were put on this week and the job approved by the architects, Thayer Company.

Money for the construction of the plant was secured from the state, the borough being unable to raise funds by taxation or issuing bonds.

ROAMING

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

So here we are ladies and gentlemen, right smack dab up to the day when the "I Told You So" club holds its formal session with all of the brothers in there telling each other they knew it all along.

It's an old Spanish custom, and not unknown to the Scandinavians, the Liths and the early settlers of the Galapagos Islands, this business of "I Told You So." Membership in the lodge costs nothing except a few opinions and every member has his dues paid up.

This colyum is not a member of the association. One guess is all we get and that one before the battle. If the guess is wrong, that's all there is there isn't any more. And just in passing the passenger list on the boat going up Salt River today is crowded to the gunwhales.

The election boards Tuesday night had an easier time than they usually have and the boys and girls got home a little earlier than they would have, had the electors names been on the ballot.

As usual the first of the seventh was first in with returns and had the presidential ballot counted at 7:30 which only proved that this board goes to work after the polls close.

The board of the fifth precinct of the fourth ward were hoping for half a dozen more voters. The pay of an election official is based on the number of hundred votes they get, a flat scale for the first, and one dollar for each hundred over the first. Three hundred ninety nine gets them the same pay as three hundred one, which was on reason why they wanted a few more.

The vote in the fourth of the fourth got in early in the day and by mid-afternoon Charley Loveridge, one of the board had time to get caught up with a little reading. And how he goes for those detective stories.

And after the tumult and shouting of yesterday, we can now get back to a calm consideration of some other things. F'r instance, how New Castle will do against South High Saturday.

After reading down this far you may have been expecting some casual mention of the returns of Tuesday insofar as the engineer of this colyum is concerned. The whole thing is summed up in that old Latin phrase (and by the way how is your Latin these days), which goes something like this, "Vox Populi, Vox Dei." Believe it or not.

Goodnough Pleased With His Defeat

Former Speaker Of House Will Become Public Service Commissioner

(International News Service)

EMPORIUM, Pa., Nov. 9. — C. J. Goodnough, speaker of the State House of Representatives, was a happy man today because he apparently was defeated for re-election.

Goodnough will now be able to accept an appointment to the Public Service Commission tendered him by Gov. Gifford Pinchot effective December 1. He had been a state legislator since 1914.

The speaker had waged a vigorous campaign to persuade the voters to use stickers to defeat him at the polls.

Returns from ten of the fourteen precincts in the county gave James Schwab, Democratic sticker candidate, 1048 votes as compared with 830 for L. L. Lathrop, the Republican sticker candidate, and 104 or Goodnough himself.

The silent movies had one advantage. You could still see in spite of a howling infant across the aisle.

Tells How Relief Fund Is Administered Here

HARRISBURG, Nov. 9.—Dr. Theodore B. Appel, Secretary of Health, authorized the following statement today:—

The State Emergency Relief Board is appropriating monthly, to the State Department of Health, a certain amount of money for the purpose of supplying milk to indigent undernourished children.

In each county of the commonwealth a State Nurse has been named as administratrix of the fund allocated to that county. For Lawrence county, Miss Grace G. Ackerman, R. N., Stanton avenue, New Castle, serves in that capacity. Her immediate advisers in the county are Dr. H. C. Harper, New Castle, County Medical Director and John C. Syling, New Castle, Superintendent of Schools. Such plans as they draw up for the distribution of milk must meet the approval of the County Emergency Relief Board.

The physicians of the State have also been enlisted in the support of the program and in Lawrence County a committee consisting of Dr. D. L. Perry, New Castle; Dr. S. Skole, New Castle; Dr. Rozella Popp, New Castle; Dr. C. M. Iseman, Ellwood City; Dr. J. F. Jenovese, Ellwood City; Dr. H. M. Hart, New Wilmington; Dr. F. D. Campbell, Bessemer; and Dr. Thomas Duff, Wampum; has been appointed to advise the nurse from the professional standpoint, as to the amount of milk individual children may need, and to report to her such cases as the medical practitioners of the county may know in their own practices.

Under the County Superintendent of Schools, the teachers of the county are also enrolled in support of the plan. The amount of money available of course, will probably not be sufficient to reach every child who needs milk, and so must be used where it is most needed.

States Pleasant Valley School Built In 1862

Henry McCreary Of Neshannock Township Remembers When School Was Built

Henry McCreary of Neshannock township, reading an articles in The News regarding old school buildings in Lawrence county recalls the fact that the Pleasant Valley or Old Stone School on the New Wilmington road, was built in 1862.

Mr. McCreary attended the building which is supplanted, which was just across the road, and which was also known as the Pleasant Valley school. That was back in 1856.

The Pleasant Valley building has thus been in continuous use as a school building for the past seventy years.

There are few others buildings in the county which have been used for school purposes and much longer than this, he believes.

—when you require a tonic

. . . when you feel "tired out" . . . "all run-down" . . . "sluggish" . . . "listless" . . . "no appetite"—it is then time to pause and consider what may be the cause of this condition. If you suspect an organic or functional trouble of a serious nature consult a physician at once.

But if your vital organs are sound and you have thru overwork, worry, unbalanced diet, working conditions, "bad air," lack of proper exercise, unconsciously reduced your vitality and resistance, then restore your vital red-blood-cells and their hemoglobin content so that your blood and tissues may have the oxygen to purify and strengthen your body.

For decades S.S.S. has been the preferred tonic for restoring hemoglobin to the red-cells of the blood. Start to rebuild now. You will surprise yourself. S.S.S. is on sale at all drug stores in two convenient sizes—the larger is more economical and is sufficient for a two weeks' treatment.

Hit that COLD a Knock-Out Blow!

Don't Merely Tap It!

Many cold remedies merely tap a cold. They don't "put it out for keeps." That's why colds keep coming back and why they often develop into something serious. A cold should be knocked out "cold" and not merely played with.

A Cold Calls for a COLD Remedy!

A cold (or grippe) calls for a COLD remedy and nothing less. A preparation that's good for half a dozen things besides colds simply can't be as efficacious a cold remedy as you want. Many popular preparations taken for colds are really worse than taking nothing at all because they are constipating and also make the system acid.

A cold calls for internal treatment because a cold is an internal infection. Local or external applications at best are only temporary relief. They don't reach the seat of the trouble and they don't prevent the infection spreading within the system.

Every requirement of a cold remedy is met in Grove's Laxative Bromo Quinine. It is distinctly a cold remedy. It is internal medication and it does the several things necessary to kill a cold. First, it opens the bowels, gently but effectively—the first step necessary in relieving a cold. Second, it kills the cold germs in the system, drives out the poisonous infection and reduces the fever. Third, it tones the entire system which is the final touch in expelling a cold and which also fortifies against further attack.

Thus, Grove's Laxative Bromo Quinine is quick relief—thorough relief—complete relief. Anything less is only temporizing with the cold and inviting serious complications.

The use of Grove's Laxative Bromo Quinine imposes no penalties. It is non-narcotic and absolutely safe to take. It produces no bad after-effects—does not upset the stomach, nauseate or make the head ring or swim. It acts swiftly, effectively, but harmlessly. It is, and has been for years, the standard cold remedy in practically every civilized country on the globe.

Make it YOUR Safeguard!

At the first sign of a cold, turn to Grove's Laxative Bromo Quinine. A few of the tablets taken in time will usually expel a cold overnight and thus avoid the danger of the infection settling in your system. Every drug store in America sells Grove's Bromo Quinine in handy, pocket size boxes, cellophane-wrapped. Resent a substitute.

Doctors To Stage Surprise Program Tomorrow Night

A genuine surprise party awaits the members of the Lawrence County Medical society and their wives when they gather in the New Castle Field Club on Thursday evening, November 10, at 9 p. m. Families of the physicians will also attend.

A special committee, appointed by Dr. John Foster, president, is handling the arrangements.

All Tenants Vacate Post Office Site

Everything Is Now In Readiness For Removal Of Buildings

All properties on the public square site of the new post office that the United States Treasury department requires to be vacated and finally dismantled are now vacate and ready for the workmen to remove, when the word is said to go ahead.

The last tenant in this group of buildings on the site that will be dismantled at once left the premises yesterday. It was the Hanna Music Store and with its removal the district presents the appearance of a deserted village so to speak.

As bids for the construction of the new post office and the removal of the old buildings will be opened in the near future, it is highly probable that it will not be long until the dismantling of the old buildings is under way.
